School of Nursing

Baccalaureate Student Handbook Prelicensure Program

2021 - 2022

NORTH PARK UNIVERSITY
3225 WEST FOSTER AVENUE
CHICAGO, IL 60625-4895

REVISED JULY 2021

Welcome to the baccalaureate nursing program. Our vision is the creation and maintenance of a culture of excellence in nursing grounded in the compassion of Christ. As Dean, I am honored to be a part of this faculty and staff whose mission is to prepare nurses for lives of significance and service within the Christian tradition. North Park University's Christian, City-Centered, and Intercultural institutional values help inform our programs and learning environments. Our philosophy of nursing builds on the mission and vision statements of North Park University. Our beliefs about persons, health, environment, community, and nursing are based on a Christian perspective rooted in a Trinitarian understanding of God.

We believe that the essence of nursing is a caring relationship with others that requires professional competence, compassion, and a trusting relationship in which the dignity and worth of the other are confirmed. We believe the caring relationship is motivated and empowered by God's love for all persons. Its model is the love, compassion, and lifework of Christ and is a response to Christ's commandment to love one another, as exemplified by the Good Samaritan. In this caring relationship, the nurse is genuinely present with others in their experiences of health and illness, joy and suffering. This experience of caring communion leads to mutual confirmation of dignity and worth. Our faculty integrate dynamic teaching and clinical best practices into educational experiences that develop ethical and compassionate graduates committed to nursing care that is patient-centered, clinical expertise, and competent.

As a North Park nursing graduate, you will be educated to lead change, think critically, and transform health care. We prepare the professional nurse to provide exceptional clinical judgment, participate in health-promoting and health-restoring activities, provide evidence-based care, and collaborate with other health professionals to provide patient-centered care. We are committed to caring for all people, inviting plurality of thought, enhancing the diversity of our profession, and sustaining an environment that promotes wellness. Our graduates are educated to walk alongside patients, their families, other health care providers, and employers to ensure that the highest quality health is a possibility for all.

I am proud to be a member of the North Park University community. I am blessed with living in Chicago; coming to know the outstanding faculty, staff, and students at the School of Nursing and Health Sciences; and discovering the joys of being part of a city-centered Christian campus committed to making a difference in Chicago.

Thank you for choosing North Park's nursing program.

Section I: Introduction to the School of Nursing and Health Sciences

Mission

The mission of the School of Nursing is to prepare professional nurses for lives of significance and service through baccalaureate and graduate education within the Christian tradition.

Vision

Our vision is the creation and maintenance of a culture of excellence in nursing grounded in the compassion of Christ.

Nursing Philosophy

The nursing philosophy of the School of Nursing and Health Sciences builds on the mission and vision statements of North Park University and the School of Nursing and Health Sciences. Our beliefs about persons, health, environment, community and nursing are based on a Christian perspective that is rooted in a Trinitarian understanding of God.

Persons

We believe that all persons are of intrinsic worth because they are created in the image of God and valued equally by God. Their worth is confirmed in the love and redemptive work of Jesus Christ; the work of the Holy Spirit enables persons to come to the full realization of their created worth and restored humanity. Dignity is conferred on the human being by virtue of being created after the image and likeness of God and by virtue of being the only creature destined for fellowship and communion with God. We cannot add to this intrinsic dignity and value but acts of caring can confirm that dignity and value. Acts perceived as uncaring can diminish one's self-perception of dignity and value.

We believe that each person is a unity of body-mind-soul-spirit. Each person is an individual and a relational being who achieves identity in communion and community with others. Our Christian perspective emphasizes the spirituality and uniqueness of each person.

Health

We believe that health is the lived experience of harmony among life's four basic relationships: self, community, environment and God. To be healthy is to be whole, to experience one's journey toward wholeness, and perceive oneself as whole physically, mentally, and spiritually. One may feel whole even while suffering.

Health is experienced by individuals, families, and communities. Health effects and is affected by changes in society, community, and the natural environment.

Environment

We believe that environment is multidimensional. It includes the natural environment, created by God, and humanly constructed local, national and global communities.

We believe that the natural environment is a dynamic order that God sees as good. Human beings have a responsibility to preserve and protect the natural environment to promote the health of all forms of life.

Community

We believe that persons, as relational beings, live in communion with others in the context of multiple communities. This includes faith communities, which have a unique role in promoting wholeness and health of persons, families and communities through congregational life and intentional ministries of health.

Communities provide a dynamic multidimensional context within which persons experience life and learn to understand and experience health and illness. This context provides the cultural framework and the resources with which persons: (1) develop and maintain values and belief systems, (2) mature physically, socially, emotionally and spiritually, and (3) relate to others both inside and outside their community.

History of the School of Nursing at North Park University

North Park University was founded in 1891 and is owned and supported by the Evangelical Covenant Church of America. Formerly a junior college, North Park graduated its first baccalaureate class in 1960, and the North Central Post-Secondary Schools initially accredited the four-year program in 1961.

As a Christian liberal arts institution, North Park University plays a distinctive role in American higher education by integrating faith and learning in a spirit of inquiry. That role is to examine and relate liberal arts to the Christian faith in the conviction that human knowledge has its foundation in the triune God. The university offers baccalaureate and master's degree programs which seek to prepare students for lives of significance and service.

In 1965 the nursing major was approved by the university faculty. The first class of ten students graduated with a nursing major in June of 1968. In the fall of 1979, an evening program for registered nurses seeking a Bachelor of Science degree with a major in nursing began. General education and prerequisite courses for the nursing major as well as nursing courses were offered in the evening to facilitate attendance of working RNs. In 1993, the master's degree program in nursing was initiated and in 1995 a post-master's nurse practitioner program began. In 2018, the university rolled out a Doctor of Nursing practice (DNP) program. North Park University School of Nursing currently offers curricula leading to the degrees of Bachelor of Science in Nursing (BSN), Master of Science in Nursing (MSN), and Doctor of Nursing Practice (DNP). In 2014 the School of Nursing became the School of Nursing & Health Sciences (SNHS), adding a division of Health Sciences.

Section 1a: State, National, and Professional Regulating Bodies

Accreditation

North Park University is accredited by The Higher Learning Commission and is a member of the North Central Association. The Commission is recognized by the U.S. Department of Education and the Council for Higher Education Accreditation which is responsible for ensuring accrediting bodies and institutions uphold and meet established standards of quality. The Higher Learning Commission accredits degree-granting institutions located in the nineteen states of the North Central region. North Park University was first accredited in 1926 by The Higher Learning Commission and is a member of the North Central Association (NCA). The Higher Learning Commission evaluates and accredits the entire institution as a whole. The North Central Association, located at

30 North LaSalle St., Suite 2400, Chicago, IL 60602-2504, can be reached at (800)-621-7440:

www.ncahigherlearningcommission.org

School of Nursing and Health Sciences at North Park University is accredited by the Commission on Collegiate Nursing Education American Association of Colleges of Nursing One Dupont Circle, NW, Suite 530 Washington, DC 20036 Phone: 202-463-6930 Fax: 202-785-8320

The Nursing Program within School of Nursing and Health Sciences at North Park University is approved by Illinois Department of Financial and Professional Regulation and Illinois Board of Higher Education.

Illinois Nurse Practice Act

North Park University abides by the Rules and Regulations for the operation of schools of nursing as specified by the Illinois Department of Financial and Professional Regulation. A copy of the Illinois Nurse Practice Act is on file in the Department of Nursing and Health Sciences and is available online at the Illinois Department of Financial and Professional Regulation Division of Professional Regulation [website](#).

The School of Nursing and Health Sciences subscribes to the standards set by the Illinois Nurse Practice Act and other published professional nursing standards. Pre-licensure baccalaureate nursing students are accountable for all standards and policies outlined in this Student Handbook.

Nursing students who fail to comply with these professional behavioral standards may be subject to dismissal from the nursing program.

Section I b: Program Regulations for Nursing Students

Professional and Technical Standards

The School of Nursing at North Park University offers an academically rigorous Bachelor of Science degree in nursing. The purpose of the program is to educate students to meet standards for comprehensive nursing care established by the American Association of Colleges of Nursing (2009). Inherent in the standards and the professional and technical standards of the School of Nursing, is that students be held to high standards of competency in order to perform responsible, safe care. This requirement is clearly described in all course syllabi and clinical evaluation tools.

Nursing is a practice discipline and successful completion of the nursing program requires that students be able to demonstrate the ability to perform numerous essential skills. These skills require dexterity in a number of intellectual and functional domains. All students are assessed in practice lab and clinical practicums throughout the program to confirm adherence to the technical standards with or without accommodation.

1. Intellectual Requirements:

Critical thinking is an important part of clinical judgment needed to provide safe patient care. Students must be able to measure, calculate, reason and quickly analyze information. Students must demonstrate an ability to apply gathered information, their reasoning and analysis to find solutions to complex problems and situations in the classroom and clinical setting.

2. Gross and Fine Motor Requirements:

Nursing students must be able to provide general nursing care (including completing patient assessments, preparing medication, and administering treatments). Students must be able to function in an emergency, e.g., by providing CPR, and have the ability within reasonable limits to assist a patient in moving, such as from a chair to the bed.

3. Observational Skills:

Nursing students must be able to observe patients accurately to assess their condition and perceive signs of disease and responses to treatments through physical examination, visual images, auditory information (patient voice, heart tones, bowel, and lung sounds) and palpable changes in certain organs and tissues.

4. Communication Requirements:

Nursing students must be able to communicate effectively with patients, staff, physicians, and family members, orally and in writing. Students must be able to process and accurately convey information about patient status to faculty, staff, and other health care providers in a timely manner.

5. Social and Behavioral Requirements:

Student nurses must possess sufficient mental and emotional health to exercise good clinical judgment, promptly complete assignments, and function in what can be a physically and emotionally demanding dynamic environment. Nursing students must be able to demonstrate compassion, empathy and concern for others while maintaining a mature, sensitive, and effective relationship with patients, family, and other professionals.

6. Professional Integrity and Ethical Standards:

The School of Nursing recognizes the link between honesty in the academic area and professional integrity. The student is referred to the Baccalaureate Student Handbook and the policy for Ethical and Safe Nursing Practice.

Students will have access to confidential medical records and sensitive information regarding patients, families, and community agencies while providing nursing care as a student. Students must agree to maintain the highest standards of professional integrity regarding this information and comply with all requirements regarding the privacy of patient records. This includes but is not limited to written, oral and electronic social-networking transmission of information. For more information students are referred to [HIPPA Privacy Rules](#) .

After being admitted to the nursing major, the student is responsible for notifying his/her nursing instructor of conditions that impact the student's ability to meet the School of Nursing's Technical Standards. Any change which adversely affects the student would require the student to provide appropriate documentation (as determined by the School of Nursing) reflecting the student's continued ability to meet the Technical Standards.

If accommodation is necessary to participate in the nursing curriculum, participation is dependent on the identification of a reasonable accommodation. Reasonableness is determined by the Office of Student Enrichment and Support Services and the School of Nursing on an individual basis using the above Technical Standards. The accommodation needs to be in place prior to the start of the program or may

result in a delay in starting. North Park University provides reasonable accommodations to those students who qualify under the Americans with Disabilities Act, as amended (ADA). Appropriate documentation will be required to determine eligibility to receive accommodations. It is the student's responsibility to contact the Office of Student Enrichment and Support Services and request accommodation in a timely manner.

School of Nursing Psychological Fitness Policy

Policy: The Office of the Dean (Administrative Council) of the School of Nursing and Health Sciences (SNHS) can require a student to undergo psychiatric evaluation if the student exhibits disturbances in thinking, communication, mood, or behavior that impairs didactic, clinical, or social performance or if the student's behavior potentially places other students, faculty, staff, patients or others at risk. Risk is defined as behavior that poses a danger of causing harm to others, property damage, or impeding the lawful activities of others. Input from relevant sources (persons who have observed the disturbances or impaired performance and those familiar with the student's performance history) will be used in deciding to request a psychiatric evaluation of the student. All communications shall be treated in a confidential manner. Nothing in this policy prevents encouraging students to voluntarily seek counseling or treatment believed to be beneficial to the student.

Procedure:

When a faculty member or institutional officer concludes that a student is exhibiting impaired performance as described above, he or she should immediately contact the office of the Dean of the SNHS.

1. A member of the SNHS Administrative Council (dean, director of the graduate program or director of the undergraduate programs) will interview the student. Pertinent information will be gathered as needed.
2. Following step one, the member of the Administrative Council in consultation with the Selection and Progression Committee of the student's program will determine that no action be taken, or refer the student for a psychiatric evaluation. The student academic progress may be suspended pending completion of the evaluation.
3. If an evaluation is recommended the Baccalaureate Program Director will:
 - Seek immediate intervention if the student's behavior poses a danger of harm to others.
 - Notify the Office of the Vice President for Student Engagement.
 - Notify the student in writing of the committee's decision.
4. The student will meet with program director and will be referred to a clinician for evaluation. A date will be provided to the student by which the evaluation must be completed.
5. A signed release will be obtained from the student so that the clinician may report the results of evaluations and any recommendations.
6. In a written report, the clinician will communicate the capacity of the student to fulfill the nursing student role requirements, any therapeutic recommendations, and any accommodations believed medically necessary to enable the student to fulfill role requirements.
7. The SNHS Administrative Council will consider the clinician's written report and any reported observations of the student's conduct and performance, and the requirements for successful progress without risk of harm to

others and determine the appropriate course of action, which may include conditional continuation or withdrawal from the program.

8. Further progress of the student in the program may also be denied based on the student's noncompliance in seeking the evaluation, non-cooperation during the evaluation, subsequent noncompliance with treatment recommendations or the SNHS's inability to provide the necessary accommodations without risk of harm to others.

9. Students may appeal a requirement to undergo evaluation or a decision pursuant to steps 7 and 8. Appeals should be submitted in writing to the appropriate program director.

Pre-Adverse Action Disclosure

The School of Nursing and Health Sciences reserves the right to revoke acceptance into the major based on results of background checks, drug tests, and/or failure to comply with stated deadlines. If the decision to revoke your acceptance is made based on information provided in the consumer report by Castlebranch.com, you will receive a pre-adverse action letter giving you three (3) days to dispute the decision and/or respond to information in the report.

Representing the School of Nursing

Any use of "SNA", "School of Nursing" or "North Park University" in any combination needs to be approved by the School of Nursing and Health Sciences. This can be done through the SNA or directly brought to the School of Nursing and Health Sciences for approval.

Section II: Academic Curriculum

In this section:

- Summary of the BSN Program
- Degree Requirements
- Baccalaureate Learning Outcomes
- Lab Credit Equivalency for Clinical Education
- Degree Requirement Passing the Comprehensive Exam
- Capstone Content Review/NURS4901

Section II: Academic Curriculum

Summary of the BSN Program

The Bachelor of Science in Nursing is the fruition of the mission and vision of the School of Nursing at North Park University, the curriculum of this four- year program is based on a “caring philosophy.” Successful completion of the program qualifies the graduate to apply for the professional nurse licensing examination, NCLEX-RN. The curriculum consists of three parts: general education, nursing prerequisites, and courses in the nursing major. Together these courses provide the student with the knowledge and skills needed for beginning practice in professional nursing.

BSN Degree Requirements

Core Curriculum Courses In addition to the nursing courses, students are required to complete the University’s Core Curriculum requirements for graduation as listed in the University Catalog. Many nursing prerequisite courses also meet Core Curriculum requirements. The Core Curriculum is defined in 4 parts, Foundations Courses(26SH), Explorations Courses(16SH), Writing Curriculum Requirements(8SH) & Keystone Courses(4SH). More Information can be found [here](#).

Foundations Courses: Cornerstone Seminar (4SH), Biblical Studies (4SH), Health and Well-Being (2SH) Analytical and Quantitative Reasoning (4SH), Global Histories (4SH) and Modern Languages (8SH) *2 courses in the same language to meet proficiency requirement.*

Explorations Courses: Aesthetic Interpretation and the Arts (2SH), Christian Life and Thought (4SH). Life Science (2SH), Physical Science (2SH), and Culture and Society (4SH) is fulfilled by prerequisite courses for the nursing major. Ethical Reasoning (2SH) is fulfilled by a course within the nursing major.

Writing Curriculum Requirements (8SH) & Keystone Seminar (4SH) are fulfilled by courses within the nursing major. Full core curriculum details can be found in the [University Catalog](#).

Semester Hours Needed

A total of 120 semester hours are required to graduate with a Bachelor of Science in Nursing degree from North Park University. Included in this total are the core nursing courses that comprise 51 semester hours (52 with supporting courses), the prerequisite courses that comprise 45 semester hours, and the additional general education courses not covered by the prerequisite courses that comprise 24 semester hours. Elective courses may be needed to complete the 120 semester hours. See the [North Park University Catalog](#) for further clarification.

Grade Point Average

As stated in the admissions requirements, a cumulative grade point average of 2.75 along with a separate Science GPA of 2.75 on a 4-point scale is needed for admission into the nursing major. The student must maintain a GPA of 2.0 in nursing courses and an overall GPA of 2.0 to progress through the program and to graduate.

Baccalaureate Learning Outcomes

1. Use knowledge of the Christian principles of the School of Nursing's philosophy to develop caring relationship with self, patients, families, the community, as well as interprofessional team that confirm the intrinsic worth, dignity, and wholeness of all beings.

(Domains 1, 6, 9 & 10 QSEN PCC, team and collab.)

2. Provide compassionate and professional nursing care to individuals, families, and communities, based on the integration of concepts, theory, and knowledge from nursing science, and liberal arts education to form the basis of clinical judgment and innovation in nursing practice.

(Domains 1 & 2 QSEN EBP PCC)

3. Demonstrate evidence-based, holistic person-centered care focused on the social determinants of health for the individual, family, and communities from prevention to disease management to provide spiritual, cultural, safe, quality, equitable, and inclusive care to diverse populations.

(Domains 2, 3, 4 & 5 QSEN EBP QI Safety Quality)

4. Demonstrate inquiry and analysis in applying patient care technologies and information systems to improve health and support safe quality nursing practice for the patient, family, community, and population in accordance with best practice and professional and regulatory standards.

(Domains 1, 4, 5 & 8 QSEN Informatics)

5. Demonstrate effective communication, collaboration, and coordination with the interprofessional care team and health care consumers within a complex system in accordance with health care policy to provide safe, quality, and equitable care to diverse populations.

(Domains 2, 5, 6 & 7 QSEN Team and Collab, Safety, QI)

6. Exhibit a professional nursing identity that incorporates ethical principles, values, attitudes, and characteristics that includes life-long learning.

(Domains 9 & 10 QSEN Safety)

7. Employ leadership principles to promote collaboration with traditional and non-traditional partnerships from affected communities, public health, industry, academia, health care, local government agencies, and others for the improvement of equitable population health outcomes.

(Domains 3, 4 & 10 QSEN Team and Collab, QI)

Lab Credit Equivalency for Clinical Education

Nursing is a practice discipline; therefore, the education of professional nurses is a combination of classroom experience and experiential opportunities. These experiential opportunities will include work in the nursing learning resource center (NLRC), the simulation center, and in health care agencies in the greater Chicago area. The credit for these laboratory experiences is 1:3, meaning for each semester of course credit the student will spend 3 hours in the clinical environment.

Degree Requirement: Passing the Comprehensive Exam

All graduating students take a standardized comprehensive exam in their final semester.

Successful passage of this exam is defined as achieving a predicted probability of passing the NCLEX-RN of 94-95%, as outlined in the [ATI testing policy](#). Successful completion of exam is required for graduation. The comprehensive exam results will be posted on the student transcript as a pass/fail under the course number NURS 4901.

Capstone Content Review/NURS4901 Comprehensive Exam

The ATI Capstone Content Review will be utilized as a resource in the preparation of the Comprehensive Exam and ultimately the NCLEX-RN. This review has been integrated into the NURS 4901 Comprehensive Predictor Exam course.

Before completion of the Nursing Program, students are required to pass the ATI Comprehensive Predictor. The ATI Comprehensive Predictor will serve as the comprehensive exam for the Baccalaureate Nursing Program (BSN). To pass the assessment the student must achieve a 94% -95% predicted probability of passing the NCLEX-RN, based on the RN Comprehensive Predictor Expectancy Table.

Students will be given two opportunities to take the comprehensive assessment during the final weeks of the fourth semester of the program. A different form of the ATI Comprehensive Predictor will serve as the repeat assessment for students not successfully meeting the 94%-95% predictability on the first opportunity.

Students unable to pass the second assessment will be required to complete and document participation in an external NCLEX Review Course. The student will be retested for a 3rd time or until the student achieves the 94-95% predictability. For each repeat test starting with test three, **the student will pay for the cost of the assessment directly to ATI.**

As the comprehensive predictor is a requirement for graduation for the nursing major. A student's graduation will be posted in the term in which degree requirements, including submission of supporting documentation, which includes passing the comprehensive predictor, have been met. Although course work may have been completed in a prior term, the degree will be awarded only for the term in which all academic and administrative requirements have been fulfilled. Please see Appendix for more information about Content Mastery Proctored and Practice Assessment and Capstone Content Review.

Section III: Professional Responsibilities and Opportunities of Nursing Students

In this section:

- NPU Professional Nursing Philosophy

Section III a: The Professional Opportunities Available to Nursing

- Eligibility for CNA Illinois
- Eligibility for Licensure as a Registered Nurse (RN)
- The ED-NUR Form

Section III b: The Responsibilities of the Nursing Student to the Profession

- Professional Liability Insurance
- CPR Certification
- Health Screening Requirements
- Drug Screening

Section III c: Modeling Professionalism as a Nursing Student

- Appearance and Dress Code
- Transportation Requirements
- Approximate Program Expenses and Necessary Items
- Ethical and Safe Nursing Practices
- Civility Policy
- Clinical Incident Policy

Section III: Professional Responsibilities and Opportunities of Nursing Students

Professional Nursing Philosophy

We believe that professional nursing, as one of the health professions, serves a unique, specialized and essential function for society. The professional nurse participates in health promoting and health restoring activities, provides evidence-based care, and collaborates with other health professionals in evaluating nursing practice. Nursing leaders and researchers work with others for the advancement of the profession and of health care for all persons.

We believe that the essence of nursing is a caring relationship with others that requires professional competence, compassion, and a trusting relationship in which the dignity and worth of the other is confirmed. We believe the caring relationship is motivated and empowered by God's love for all persons. Its model is the love, compassion, and lifework of Christ, and is a response to Christ's commandment to love one another as exemplified by the Good Samaritan. In this caring relationship the nurse is truly present with others in their experiences of health and illness, joy, and suffering. This experience of caring communion leads to mutual confirmation of dignity and worth.

This philosophy serves as the foundation for nursing education at North Park University. It is operationalized in the fulfillment of the unique distinctives of the University: Christian, City-centered, and Intercultural.

Section III a: The Professional Opportunities Available to Nursing Students

Eligibility for Certified Nursing Assistant (CNA) - Illinois

Nursing students may be eligible to apply for certification as a Certified Nursing Assistant based on their nursing school education. In the state of Illinois, students who have completed 40 hours of supervised clinical and a fundamentals of nursing course, such as NURS 3020, are eligible to apply to take the CNA certification exam. The process for the exam is now 100% electronic.

Students who wish to apply should email the Baccalaureate Program Coordinator who will send their name and necessary information to the state. They will then receive an email with next steps. Students who wish to apply for to be a CNA or its equivalent in another state will need to look up that state's requirements.

Eligibility for Licensure as a Registered Nurse

At completion of the baccalaureate program in nursing the student will be eligible for licensure as a registered nurse. To achieve licensure, the student will need to submit an application to the board of nursing of the state where the student wishes to be licensed and take a national exam called the NCLEX-RN. The NCLEX-RN exam measures the competencies needed to perform safely and effectively as a newly licensed, entry-level registered nurse. NCLEX-RN examination results are an important component used by the boards of nursing to make decision about licensure. Specific requirements for the states vary. The information below is an overview of the process to gain the licensure in Illinois. If you are interested in earning the licensure in a state outside of Illinois, make sure to contact that state's board of nursing to understand the steps and process involved.

Registration Process Overview in Illinois:

Apply for licensure to the Illinois Board of Nursing and meet all the Illinois Board of Nursing's eligibility requirements to take the NCLEX-RN examination. The eligibility requirements to take the NCLEX-RN in Illinois are listed below.

- In Illinois all individuals applying for initial licensure as a registered nurse must submit to a criminal background check and provide evidence of fingerprint processing from the Illinois State Police or its designated agent.
- As of September 1, 2017 all applications for licensure in the state of Illinois must be submitted electronically. Paper applications will no longer be accepted.
- In accordance with 20 Illinois Compiled Statutes 2105/2105-(5) the department shall deny applications for renewal or a new license to any person who has defaulted on an educational loan or scholarship provided by or guaranteed by the Illinois Student Assistance Commission.
- Register for the NCLEX-RN Examination with Pearson Vue.
- Receive confirmation of registration from Pearson Vue.
- The board of nursing makes the candidate eligible to take the NCLEX-RN.
- Receive Authorization to Test (ATT) from Pearson Vue.

The ED-NUR Form

During your final semester your class will be guided through the steps of this process. Students seeking licensure in Illinois will complete the ED NUR form required by the state and submit it to the School of Nursing and Health Sciences office. The EDNUR form will be processed by the registrar's office and will be available for pickup from student services after their degree has been certified. Students seeking licensure in other states will need to bring in the specific documents they will need processed.

Section III b: The Responsibilities of the Nursing Student to the Profession

Professional Liability Insurance

Undergraduate students in the basic nursing program are covered by liability insurance provided by the University and the School of Nursing and Health Sciences.

CPR Certification – American Heart Association, Basic Life Support (BLS) for the Health Care Provider

Students are required to always have a current CPR certification throughout the program. The CPR certification must be the American Heart Association Basic Life Support (BLS) for the Health Care Provider. Certification must include a hands-on portion. This must be valid from the first through the last day of the academic semester in which the student is enrolled. If CPR certification will expire during the student's time in the nursing program, it is the student's responsibility to renew their certification before the date of expiration and provided the updated documentation.

Health Screening Requirements

All undergraduate nursing students must submit documentation of student health requirements. To participate in clinical experiences, students must always have complete records on file. This is required by all health care facilities affiliated with North Park University's School of Nursing and Health Sciences and specified in the agency affiliation agreements. Failure to follow requirements will make students ineligible for participation in clinical. Which may require that a student step out of the semester or program or result in a clinical failure. All

student health records must be submitted online to the student's secure [CastleBranch account](#). Documentation must be legible and include the student's name, item name, date item was administered, and any other pertinent information.

All students will purchase an account on CastleBranch, a one-time fee that includes the background check, drug test, and online document tracker for the academic year. Please note specific clinical sites may require an additional drug screening or background check during the second year of the program which would be an additional cost to you. All CastleBranch records are reviewed by the Baccalaureate Program Coordinator & Baccalaureate Program Director and remain strictly confidential.

The following documentation must be maintained throughout a student's duration in the nursing program:

1. Medical History Form

Students must complete the School of Nursing & Health Sciences medical history form. This form is to be filled out and signed by the student.

2. Physical Examination

Students are required to complete the School of Nursing & Health Sciences physical exam form 6 months prior to the start of the program. Documentation must state that students may participate in clinicals and be completed by a qualified primary care provider.

3. Negative TB Screening –

Students must provide a negative 2 Step Tuberculin Skin Test (PPD/TST/TB Test). Students may submit a QuantiFERON TB Test instead of a 2 Step PPD. TB tests are valid for only one year. Following the 2 step PPD, students may receive a single TB test for their annual renewal.

If positive, student should follow up with their primary health care provider for appropriate treatment and submit a radiological report of a chest x-ray.

Vaccinations

1. Measles Mumps Rubella (MMR)

2 doses of vaccine and titer showing immunity to measles, rubella, and mumps.

2. Varicella (Chickenpox)

2 doses of vaccine and titer showing immunity to varicella. If titer does not show immunity to varicella students are required to receive the vaccination series prior to participation in clinical. Students must wait 1 month after the first varicella dose to receive the second varicella dose.

3. Hepatitis B

3 doses of vaccine and titer showing immunity to hepatitis B.

4. Tdap

All students are required to show documentation of Tdap (Tetanus, Diphtheria, and Pertussis) booster within the past 10 years. Students may need to renew their tetanus documentation while in the program as the shot is valid for only 10 years.

5. Influenza (flu)

Flu shots documentation is due October 1st every year. Flu shot documentation must be from the current flu season and include the lot #.

6. COVID-19 Vaccination

All students in the nursing program are required to get vaccinated for COVID-19 and show documentation of either the two dose (Pfizer or Moderna) or the one dose (Johnson & Johnson) vaccination card with the dates and the manufacture listed for each dose of the vaccine.

Health Insurance

Students are responsible for having health insurance throughout their time in the nursing program. Students must upload proof of health insurance each semester that they are in the program. Proof of health insurance may be a copy of their insurance card. If their name is not on their insurance card, then they may upload a note from the company showing they have insurance. Often this can be found on the insurance company's website under who is covered under this plan. Students are financially responsible for any personal health care related needs including but not limited to vaccinations required to participate in clinical as well as any clinical-incident related care. Students are responsible for the costs involved for any accident or injury to themselves while engaged in any educational activity including clinical, lab, simulation, or the classroom and should be treated as a member of the public when seeking medical assistance. It is important to remember students are not covered by workers compensation as they are not employees of the University or the clinical facility.

Health Insurance Portability and Accountability Act of 1996 (HIPAA)

For HIPAA training students are required to complete the ATI HIPAA module found under the Skills Modules tutorials in ATI and upload documentation of their posttest. Documentation must include date completed, score of 100%, and student name. HIPAA training is valid for one year and must be renewed each year the student is in the program, please upload the documentation of the subsequent year's posttest.

Occupational Safety and Health Act (OSHA)

For OSHA training, students are required to complete the ATI Infection Control module found under the Skills Modules tutorials in ATI and upload documentation of their posttest. Documentation must include date completed, score of 100%, and student name. OSHA training is valid for one year and must be renewed each year the student is in the program, please upload the documentation of the subsequent years post-test.

Background Check

Students must successfully complete a background check prior to start of the nursing program. Background checks process automatically upon purchase of the student's Castle Branch account, the cost of which is included in the original package purchase. If student results raise concerns related to the nursing program, the student will be contacted by the Baccalaureate Program Coordinator or Director and may be asked to complete additional screening.

Drug Screening

To uphold the highest standards of the nursing profession and as stated in the North Park University Undergraduate Student Handbook, students must remain free from the use of alcohol or any illegal or decriminalized (marijuana) drug while participating in clinical experiences with any of its affiliated agencies.

Students must have a negative hair drug screening completed prior to the start of the nursing program. Students will go to a Castle Branch designated location to give their drug screening sample. After creating their online account students will be able to access their drug screening chain of custody form. The student will take this form to the drug screening location to give their sample, the cost of which is included in the original package purchase.

If student results raise concerns related to the nursing program, the student will be contacted by the Baccalaureate Program Coordinator or Director and may be asked to complete additional screening. If any faculty member suspects a student is under the influence of a substance while engaged in any educational activity, clinical, lab, simulation or the classroom, the program may require the student to pass random drug screening(s) in order to remain in the program.

The School of Nursing and Health Sciences reserves the right to require additional drug screening of any student when appropriate.

Section III. C. Modeling Professionalism as a Nursing Student

Appearance and Dress Code Policy for the Nursing Student

The purpose of these guidelines is to provide a uniform dress code, which applies to all students in the nursing major at North Park University and avoids any distracting apparel.

1. The student is required to always present a professional appearance and that clearly identifies as a North Park University Student Nurse.
2. The following are the requirements for the Nursing Uniform for Acute Care Facilities.
 - a. The nursing uniform shirt is a blue, nursing scrub top with the North Park logo on it. It is worn with blue uniform scrub pants, socks, and shoes that meet [OSHA guidelines](#).
 - b. The lab coat is white and knee length with the North Park logo.
 - c. A blue warm-up jacket with the North Park logo may be used in the clinical setting. The student's nursing deposit includes two tops, one pair of pants, and one lab coat.
 - d. Uniforms are freshly laundered for each clinical experience. Uniforms are worn for clinical experience only. Uniforms and shoes worn to clinical should not be worn outside the clinical area.
 - e. No long sleeve tee shirts will be worn under the uniform shirt. Students may wear $\frac{3}{4}$ length sleeves that cover the elbow.
3. For Community Health Experiences, Psychiatric Clinical, and Geriatric Internships the student will follow the specific agency policy for dress, appearance, and uniforms.
4. Students will wear name badges at all times in the clinical area.
5. Wearing perfume, jewelry, head apparel (except where mandated by religion), sweatpants, clogs (eg. Backless clogs), sandals, sling backs, or high heels is prohibited.
6. Personal Appearance
 - a. Strict personal hygiene is required.
 - b. Nails are to be maintained at a shorter length (1/4 inch from fingertip) and are to be kept in clean and healthy condition. Artificial nails are prohibited.

- c. Hair is off the collar or controlled by a hair-restraining device (e.g., hair tie). Un-natural hair (not occurring in the natural hair color spectrum, for example but not limited to pink, fuchsia, purple, crimson, burgundy, and blue) colors are not permitted.
 - d. Visible tattoos are not permitted.
 - e. Jewelry is limited to a watch with second hand and minute demarcation, wedding band, and post or single-button earrings. No visible body-piercing hardware is allowed.
7. Students must abide by any special requirements of the clinical facilities regarding dress.
 8. Clinical faculty will maintain and enforce the dress code.

Transportation Requirements

The student will assume the cost of transportation to and from the clinical agencies. Transportation is the student's responsibility.

Itemized Fees for Prelicensure Students

- A laboratory fee is charged for each clinical nursing course. This fee covers educational resources for the course as well as annual liability insurance.
- A clinical fee is charged for each major clinical course. This cost is due to the increased institutional costs associated with the delivery of these courses.
- Payment for the ATI testing program. There is a one-time fee skills module fee assessed the first semester. If the student must repeat a clinical course, they will have to pay the additional ATI fee. If the Comprehensive Predictor Assessment must be taken beyond the two allowed prior to graduation the student will assume the cost for each assessment they take.
- There is a one-time fee for MyClinicalExchange.com that provides access to Lurie's, Northwestern Memorial, and Advocate Lutheran General Hospital.
- Graduation fee (required of all North Park graduates).
- Agency specific fees: these fees are occasionally required by clinical agencies to facilitate on-boarding requirements.
- University Technology fee is assessed per semester.
- CTA UPASS (all full-time, traditional undergraduate students) is assessed per semester.

For the most current list of fees, see our website: <http://www.northpark.edu/tuition>

Additional Items Needed for Lab or Clinical Practice:

- Stethoscope with bell and diaphragm
- Nurse-Packs – provided by from the School of Nursing, included in deposit.
- Watch with second hand and minute demarcations.

Ethical and Safe Nursing Practice

Quality nursing practice is essential for ethical and safe patient care. Violation of such practice is defined below, so that nursing students may be aware of the seriousness of his/her actions. Unethical and/or unsafe practice may result in a clinical failure and/or expulsion from the nursing program.

The following are examples of unethical and unsafe nursing practice. The list is not exhaustive.

1. Performing activities for which the student is not prepared, or which are beyond the abilities of the student.
2. Performing activities that fall outside the legal realm of professional nursing practice.
3. Recording or reporting inaccurate patient data.
4. Failing to recognize and/or report and record own errors.
5. Having mental, physical or cognitive limitations which endanger the safety of a patient.
6. Violating HIPPA regulations.
7. Behaving in a disrespectful manner towards patients, families, faculty or other members of the health care team.
8. Attending clinical experiences while under the influence of alcohol or drugs, including prescriptive medication which may impair performance. The clinical faculty member must be notified immediately of any prescriptions which may impair performance taken before or during clinical.

The following actions may be taken by the clinical faculty if a student demonstrates unsafe or unethical behavior:

1. Immediate dismissal from the clinical area.
2. Assignment of additional learning activities to assist the student to meet the clinical objectives.
3. Written contract with a student which specifies the criteria and/ or the activities the student must complete in order to change the unsafe behavior.
4. Suspension from the clinical area if the student repeats the unsafe or unethical nursing behavior. This will result in failure of the course.

All clinical suspensions will be reviewed by the appropriate Selection and Progression Committee in the School of Nursing.

Civility Policy of the School of Nursing and Health Sciences

Civility in the Classroom and Clinical Setting:

Civility is defined as an authentic respect for others that requires time, presence, willingness to engage in genuine discourse and intention to seek common ground (Clark, 2010). In alignment with Provision 1.5 of the ANA Code of Ethics for Nurses with Interpretive Statements, which requires all nurses to create an ethical environment and culture of civility and kindness, treating colleagues, coworkers, employees, students, and patients with dignity and respect” (p.4), students are responsible for exhibiting such behaviors in the classroom and clinical setting.

The following are examples of uncivil behavior and those serious behaviors considered beyond uncivil (List is not meant to be exhaustive):

- *Uncivil*
 - Holding conversations during class that distract others
 - Making sarcastic remarks or gestures
 - Making disapproving groans
 - Dominating class discussions
 - Acting bored or apathetic
 - Refusing to answer direct questions
- *Serious behavior/beyond uncivil*
 - Challenges faculty knowledge/credibility

- Insults/taunts/disrespects others
- Vulgarity directed towards faculty or students
- Harassing comments to faculty or students
- Inappropriate emails to faculty or students
- Threats of physical harm to faculty or students
- Actual physical harm to self or others

One or more of the following penalties may be imposed once incivility has been confirmed:

- Record of infraction placed in the student file
- Letter from the Selection and Progression Committee
- Performance Improvement Plan
- Failing course grade
- Referral for counseling/psychiatric evaluation
- EARS report
- Dismissal from the program

Progressive Action Process to be followed in the event of uncivil (or beyond uncivil) behavior is outlined below:

Step 1- First Episode: Instructor meets one-on-one with student to point out what was observed, with plan for follow-up; writes up the meeting and places report in student file (with copy to the student); reports it to Baccalaureate Selection and Progress (S&P) committee after meeting with student; in the event of a serious infraction, baccalaureate program director may be involved in discussion with student and faculty; the S&P committee may decide a letter to student is warranted.

The following is to be included in the report for faculty and student file, and in report to S&P committee: date behavior was observed, nature of behavior, date of discussion, discussion points made by faculty, response of student, recommendations made, plan for follow-up, as needed, signatures of faculty and student.

Step 2 – Second Episode: Instructor observes uncivil behavior; checks the student’s file and notes behavior was reported earlier. Instructor reports to S&P committee after meeting with student and writing up the meeting for placing in student file (with copy to student) as above. S&P committee may decide a letter is warranted; letter will be developed on behalf of the S&P committee; both instructor and grad program director will meet with the student to share the letter and discuss consequences.

Step 3 – Repeat Episode: Instructor observes uncivil behavior; checks the student’s file and notes behavior was reported earlier and the student received a letter from the S&P committee. Instructor reports to S&P committee after meeting with student and writing up the meeting for placing in student file (with copy to student) as above. S&P committee may decide a Performance Improvement Plan (PIP) is warranted; instructor develops the plan; both instructor and grad program director will meet with the student to discuss the PIP.

All occurrences of incivility will be reviewed by the Selection and Progression Committee of the School of Nursing. Meetings are not to be taped. Student has the right to assistance from an advocate.

Clinical Incident Policy Guidelines:

A clinical incident is any event, circumstance, injury, unprotected exposure to a pathogen, or accident which occurs during a clinical practicum/placement that caused or could have caused (Near Miss) unplanned harm, suffering, loss, or damage. Promoting student and patient safety is the first priority in responding to a clinical incident. In addition to clinical incidents, Near Miss events will also be tracked.

According to the Intensive Care Society (2006), Clinical Incidents are usually categorized as:

- Clinical incident / near miss
 - An event or omission has arisen during clinical care and has caused physical or psychological injury to a patient
 - Potential physical or psychological injury to a patient could have been caused by an event or omission
 - Matters of communication or consent to treatment which give cause for concern
 - Drug errors (failure of proper identification, inaccurate dosage etc.) which cause actual or potential harm to the patient
 - Failures or weaknesses in clinical procedures and/or guidelines
 - Slips, trips or falls
- Medication error / near miss
- Patient accident / incident / near miss
- Staff accident / incident / near miss
- Staff work related ill health
- Staff violence / abuse / harassment
- Security incident
- Other near miss

For any event that requires an incident report at the hospital or health care agency, the clinical faculty, if they are able, should get a copy of any agency documentation and submit it to the course coordinator who will keep it on file in the SNHS Office. Follow the hospital guidelines regarding the follow-up of the incident, including, but not limited to, completing the institutions incident report and any required follow-up with an appropriate practitioner.

If a student is working one on one with a nurse preceptor all incident reports involving the student or student's patients need to be signed by the preceptor, and supervising faculty must be notified immediately. All incidents must be reported to the course coordinator.

Along with any agency documentation, clinical faculty should write a short summary of the occurrence on the Clinical Incident Form (this form is available on the Nursing Clinical Faculty Office 365 OneDrive available through the North Park University email system). If the clinical faculty is unable to receive a copy of the agency documentation due to it being a part of the EMR system or other HIPAA reasons, please provide a detailed description of the incident to the Course Coordinator. PLEASE return this form to the course coordinator as soon as possible.

Clinical Incident Procedures:

- Any injury requiring **immediate**, emergency care should be treated at the nearest emergency facility. Please notify the course coordinator as soon as possible. The course coordinator will notify the SNHS as soon as possible to report the incident and to ask for help, if needed, for the student.

- When a student is exposed to a blood or body fluid pathogen, the agency clinical coordinator, if necessary, agency employee health, and the SNHS are to be notified. If an employee health department is available, follow OSHA guideline and hospital/agency policy for **immediate** treatment. If an employee health department is not available, you can contact North Park University Health Services at 773.244.4897 who will assist the student in setting up a referral to Swedish Covenant Hospital for evaluation and treatment, if necessary. Institute any necessary treatments that should be carried out on site.
- Students are required to have their own health insurance and should be referred to their own health care provider for recommendations for follow-up treatment. **Students are financially responsible for any costs incurred for any care that is required as a consequence of the incident.**

Section IV: Student and Academic Services

In this section:

- Academic Resources for Students
- Comprehensive Assessment Review Program (ATI)
- Technology Requirements

Section IV a: Campus Safety and Security

- Viking Shuttle
- LiveSafe Campus Security System
- Emergency Communications

Section IV b: Graduation

- Pinning Ceremony
- Senior Award

Section IV: Student and Academic Services

Academic Resources for Students

The life of a nursing student can be challenging. That is why North Park University provides a wealth of resources to help each student meet those challenges head on. This section provides details about the resources available for both nursing students and students at large throughout the university. In addition to the resources below North Park University offers one on one tutoring, academic coaching, and tips for study skills on the [Student Success page](#).

Academic Advising

Students enrolled in the nursing program are assigned to Academic Advisors within the School of Nursing. The Academic Advisors can assist students with navigating the academic program and provide general advice about the university. More information can be found at [Academic Engagement and Advising](#).

Nursing Learning Resource Center (NLRC)

The nursing learning resource center (NLRC) on the University Campus is in Carlson Tower. The center is open for student practice and independent study Monday through Friday (days and evenings) during specified hours. Assistance is available during the NLRC's open hours. A schedule for the NLRC is posted on the 5th Floor of Carlson Tower. Please note that the schedule changes each semester.

Kathy Holmgren Simulation Center

The Kathy Holmgren Simulation Center is located at 3313 W. Foster Avenue. Students will have scheduled simulation experiences in addition to their clinical courses to strengthen concepts learned in the classroom and build skills that they will use in the hospital. It includes four simulation rooms, two control rooms, and a conference room where students debrief their class experiences.

Comprehensive Assessment Review Program - ATI

The North Park University School of Nursing and Health Science (SNHS) partners with the Assessment Technologies Institute (ATI) to provide each student with the tools for growth and enhancement of one's nursing education. The Comprehensive Assessment Review Program by ATI is an NCLEX preparation program that addresses the uniqueness of each student and particular needs of their nursing education. ATI offers a diverse system that enables the students to take control of their education and learning. Tools are provided within the ATI system that are designed to teach individuals in the manner in which they learn best. As a faculty we strongly encourage that students explore and utilize all the different tools that ATI provides to assist a student's learning.

All prelicensure nursing students in the SNHS participate in the Comprehensive Assessment Review Program. The program offers a Content Mastery Book for each specialty area and standardized computer testing (assessments) at the end of each major clinical area of study. These **Content Mastery Assessments**, offered through ATI, are standardized tests that assess a student's understanding of the material via NCLEX-RN style questions. The assessments provide feedback to students as they progress through the nursing program, assessing students' areas of strengths and areas needing more focused study. Information about the **Content Mastery Proctored and Practice Assessments** along with the **RN Content Mastery Series** can be found in the

Appendix of this Handbook. The ATI program helps prepare students for passing the NCLEX-RN exam upon graduation.

Technology Requirements

Technology is a critical component and tool for students to work effectively in the School of Nursing. There are various requirements necessary to students' success in the nursing program. **The School of Nursing and Health Sciences delivers all course exams in an online format utilizing Respondus Monitor, a fully automated proctoring system.** Student will need to have their computers available on campus. Students' computers will need to meet specific requirements in order or Respondus Monitor to operate on their computer. A detailed list of these requirements along with all computers, hardware, and software, requirements needed are listed in the Appendix titled, Technology Requirement Checklist. In addition to the checklist, we strongly encourage our nursing student to take advantage of [North Park University's Information Technology Department](#). The Information Technology Department is here to help North Park students succeed.

Financial Aid and Student Accounts

North Park University offers comprehensive information about Financial Aid, Scholarships, and billing through Student Accounts. If you have any questions or are seeking information about these areas, please visit the university's [Financial and Tuition webpage](#).

Section IV a: Campus Safety and Security

The safety and security of North Park University's nursing students is very important. North Park University's Safety and Security website provides information on a wealth of topics so that students can be safe while participating in college life at North Park University. The School of Nursing strongly recommends that you review the information on North Park University's [Safety and Security webpage](#). Below are some highlight features and information that can be found on the Safety and Security webpage.

Campus Security - Viking Shuttle and Campus Escort Service

The Viking Shuttle is driven by a North Park Security officer, providing an additional level of safety for passengers. The Viking Shuttle is a *free service* that operates continually during evening, late-night, and early morning hours. You must show North Park ID to board the shuttle. To Request a Ride To request the Viking Shuttle, simply call (773) 244-5600 or use your LiveSafe app and provide the dispatcher with your location and destination. When the Viking Shuttle is not in service, students may be able to use the North Park Security Escort Service.

Hours 7:00 p.m.–2:00 a.m. when school is in session Not operational during fall, winter, spring, and summer breaks. For more information <http://www.northpark.edu/About/Campus-Safety-and-Security/Viking-Shuttle>

LiveSafe – Campus Security Application

LiveSafe is a free personal safety mobile app for colleges. Students, campus employees, parents, and the community can use this to engage in a two-way conversation with our Campus Safety and Security Office, even when it's not safe to make a voice call. Users can quickly and easily contact 9-1-1 or North Park's security team to get help or report suspicious or unsafe activity. Please see [LiveSafe](#) for more information and to download the app.

Emergency Communication

The safety of all members of the campus community is of utmost importance. It is important to review emergency information posted on campus and the additional details provided on the University website. Please review the information at [Emergency Communications and Procedures](#) for a discussion of the emergency alert system, website, social media and other communication channels, in addition to the emergency procedures to be followed under different circumstances. Always call 9-1-1 immediately in a life-threatening situation. When safe to do so, inform Campus Security of all emergencies by calling 773-244-5600.

Section IV b: Graduation and Awards

Graduation

Graduation is an incredible special achievement for our undergraduate nursing students. Information about applying for graduation can be found on the [North Park University website](#). Information about graduation dates, diplomas and ceremonies can be found through North Park University's [Student Administrative Services page](#). Below are some highlights that our Nursing Students get to experience at Graduation.

Pinning Ceremony

The Pinning Ceremony is held on the Friday of commencement weekend to honor nursing students in the graduating class. Students who purchase the School of Nursing pin will receive it during this ceremony. Guidelines, prices, etc., for the School of Nursing pin will be reviewed with the students during their final semester of the program.

Senior Awards Designated by the School of Nursing

The following awards are selected each semester by the faculty and presented to graduating seniors during the pinning ceremony.

Dr. Ralph Erickson award for Excellence in Academic or Clinical Performance

- Requirements: Minimum GPA of 3.5 and Faculty recommendation

Delores H. Johnson award for Outstanding Academic & Clinical Excellence & Significant Contribution to Campus Life

- Requirements: Minimum GPA of 3.5 and Faculty recommendation

Section V: Academic and Student Affairs

In this section:

- Student Privacy Policy
- Felony and Criminal Records
- ADA Policy
- Attendance Policy
- Handling Health Issues and Sick Days
- Leave of Absence
- Withdrawing from the University
- FERPA
- Title IX
- Performance Improvement Plan (PIP) Policy
- Code of Conduct
- Academic Integrity
- Judicial Procedure for Academic Dishonesty
- Student Grievances & Appeals Process in the School of Nursing

Section V a: Progression and Retention

- Academic Standing and Grading Policies
- Sequencing/Out of Sequence

Section V b: Electronic Devices, Email, and Social Media

- Program Communication
- Electronic Devices
- Email Policy
- Social Media Policy

Section V: Academic and Student Affairs

The School of Nursing and Health Sciences is in compliance with the [North Park University \(NPU\) Undergraduate Student Handbook](#) and the [North Park University Catalog](#). Some policies, such as the Grievance Policy, are also found in the NPU Undergraduate Handbook but have additional steps that are distinctive to the School of Nursing. If you have any questions regarding the prelicensure nursing program policies, you can contact the Director of the Baccalaureate Program.

Privacy Policies

As a student at North Park University, it is important to understand your rights and also the information that the university is allowed to collect. North Park University's [Privacy Policy](#) provides a description of concerning information collected by North Park University and how such information is used and protected.

Confidentiality Statement and Photography/Audio Recording Release forms for North Park University's Simulation Center are retained until the student graduates from the Undergraduate program. If the student starts in the undergraduate program, graduates, and then begins the graduate program, he/she will sign the confidentiality statement again.

Video recordings will be deleted two weeks after the semester ends unless otherwise indicated in writing by the course faculty.

North Park reserves the right to use photograph(s), videotape(s), and audio recording(s) taken of or obtained from people/students on campus and/or at University-sponsored events for the purpose of promoting, publicizing, recruiting, or public relations involving the University. For more information, contact University Marketing and Communications.

Felonies/Criminal Convictions

In accordance with the nursing licensing regulations students found to be convicted of serious crimes (felonies or substance abuse) will be reviewed by the Selection and Progression Committee of the School of Nursing and Health Sciences and may be suspended from the nursing program.

ADA Policy

North Park University seeks to provide an environment and community where each person may develop academically, socially, and spiritually. North Park University is committed to full inclusion and participation of people with disabilities in all aspects of university life. As a result, the University is willing to relocate programs, services, or activities to make the event accessible. Please allow at least 10 business days for accommodations. Depending on the nature of the program, service, or activity, accommodations may take longer or be able to be coordinated in less time.

If you have questions about accommodations or accessibility to programs, services, or activities offered on campus please contact:

Division of Student Engagement

North Park University
3225 W. Foster Ave.
Box 24
Chicago, IL 60625

(773) 244-5737

Or [contact the disability access specialist](#) directly.

You may also contact your program office:

Non-Traditional Students:

- ESL program: (773) 244-4942
- RN-to-BSN Completion: (773) 244-5766
- SPS program: (773) 244-5769
- Teacher Certification: (773) 244-5613

Graduate and Seminary:

- School of Business and Non-Profit Management: (773) 244-6270
- School of Education : (773) 244-5730
- School of Music : (773) 244-5625
- School of Nursing : (773) 244-5680
- Seminary: (773) 244-6219

Grievance Procedure: In the event of a disagreement between student and faculty member or other University employee over an issue of accommodations, the student should first meet with the faculty member or other University employee to seek resolution. If unsuccessful, the student will make an appeal to the department chairperson. If necessary, the appeal will be forwarded to the director of the faculty and if unresolved to the dean, who is the final arbiter of the grievance. In cases of appeal, the faculty member's divisional peers may be asked by the dean to decide as to the merit of the appeal. The student has the right to be represented by counsel.

Attendance Policy for the North Park University School of Nursing and Health Sciences

Baccalaureate Pre-licensure

The Nursing Program has established a programmatic attendance policy to facilitate professional behavior, required knowledge, skills, and attitudes essential to safe patient care (Agency for Healthcare Research and Quality, 2019) and success in the nursing profession. Professional behaviors are expected across class, clinical, lab, and simulation. The nursing program acknowledges that emergency circumstances (i.e., serious illnesses, deaths, and funeral of immediate family), jury duty, and inclement weather can occur; such events will be taken under advisement by the faculty and the Baccalaureate Program Director. However, students must provide the Baccalaureate Program Director with written documentation such as a health care provider's note supporting their reason for being late and/or absent. If religious accommodations are required, then requests for accommodations must be submitted to the Baccalaureate Program Director by the deadlines October 31st for Spring Semester and May 1st for the Fall Semester.

Didactic Attendance

Nursing is a fast-paced, interactive, professional program. Missed instructional time is detrimental to learning. In the nursing program, class attendance is a requirement. The nursing program supports civility in nursing education and practice (Altmiller, G., 2012). Therefore, as professional behavior, students are expected to attend every class for which they are scheduled and arrive on time. Faculty will keep an accurate record of class attendance. The student is responsible for contacting the faculty to discuss the circumstances of their absence and plan their efforts to complete missed assignments. The student must maintain contact with the faculty if extenuating circumstances such as an accident, illness (student or family), or death in the family. Students are responsible for contacting their faculty when unavoidable absences occur and maintaining contact as necessary during an absence. Because most courses are eight weeks, students absent for two weeks or more will be for the Selection and Progression Committee to determine how the student can progress.

For each unexcused absence totaling four hours for quad or eight hours for a 16-week class in a semester, the student will have ten percent of their total course grade earned deducted.

Students are responsible for withdrawing from any class. Details regarding the process to withdraw from a course can be found on the Student Administrative Services webpage. The student must complete the Add/Drop Form also found at Student Administrative Services.

Clinical, Lab, and Simulation Attendance

As a clinical program, clinical/lab/simulation (CLS) hours are required. Absenteeism, including tardiness and early leaves resulting in missing 13% or more of clinical hours (approximately one clinical day or more) per semester, can result in clinical failure of the course. If the student has unexcused CLS absences totally of 13% or more of clinical hours, then the student will have ten percent of their total course grade earned deducted.

CLS tardiness is unprofessional behavior. In the clinical area, this has a direct impact on patient care and safety. Tardiness is defined as arriving later than five (5) minutes after the designated start time for any CLS experience. A student arriving for clinical fifteen (15) minutes after the designated start time (per individual course syllabus) for any clinical experience will be sent home and considered a clinical absence.

In the event a student is dismissed from a clinical experience for reasons such as unprofessional behavior, safety, unprepared to provide patient care, the occurrence will be counted as a clinical absence for the day.

A student arriving at a lab or simulation session 15 minutes after the designated start time (per individual course instructions) will receive a clinical absence. However, the student will be able to remain in a lab to benefit from the experience.

Although each course builds upon the previous course, the faculty recognize that the clinical experiences may differ. Therefore, absences within each semester stand alone and do not accumulate during the program.

Administrative Actions – Didactic, Clinical, Lab, and Simulation Attendance

•Written Warning –If a student misses a CLS, or leaves early (unexcused), or is late, the student will receive a written warning and may receive a Performance Improvement Plan (PIP.)

•Course Failure - Courses have prescribed clinical hours where students must demonstrate clinical competencies. When a student has more than 13% of clinical through any combination of absences, late arrivals, extended break times, or early leaves during a scheduled clinical experience, the student is subject to fail the clinical portion of the course, which would result in failing the course. A failing course grade will not permit the student to advance in the program until successful course completion is achieved. Repeat patterns of poor attendance will result in the student being dismissed from the program.

Proper Notification for Clinical Lateness/Absence

Please note, asking a classmate to inform the faculty that you will be late or absent does NOT constitute proper notification.

Completion of Missed Work Due to Absence

If a student is absent from any learning activity, the student is responsible for completing missed work. Due to a lack of practice of nursing skill sets, students who are absent from laboratory experiences may not be permitted to participate in certain clinical activities for safety reasons. Students absent from their clinical education site will be given a required assignment equivalent to the hours missed. Any clinical time missed will be documented on the student's clinical attendance record regardless of assignment completion. The missed clinical time will be counted towards the percentage of absences.

The Necessity of Medical Provider's Notes

- One six hour, or one 12 hour clinical day missed due to illness will not require a note.
- More than one clinical week (comprised of two clinical days) missed due to illness will require a note.

In addition to notifying your clinical faculty, students should communicate with the Baccalaureate Program Director about any missed clinical time.

For major health issues:

- An update is needed for health issues that develop after enrollment in the nursing program i.e. illness, injury, surgery, prior to, or during the clinical experience
- Submit written medical approval from a health care provider to the Baccalaureate Program Director and clinical faculty to return to clinical practice.
- The note must document student's ability to function as a student nurse, at full capacity, in the acute care or community health setting.
- For injury sustained after medical form done need medical clearance

Inclement Weather and Clinical Attendance

Clinical is in session unless notified specifically by your clinical faculty or course coordinator. Each student must be academically prepared for clinical practice. Clinical practice preparation is specifically determined by each clinical course.

If the university closes because of a snow day or for other dangerous weather conditions, clinical will be canceled. Snow day closures are posted on the main university website. Students and clinical faculty will be notified by the course coordinator via email.

If you are already at the clinical site when severe inclement weather is impending, your clinical faculty will make the decision to dismiss early.

Handling Health Issues and Sick Days

When do I stay home from clinical if I am sick? You need to use your best judgment and common sense to determine if you are too ill to attend clinical experiences. Remember, patients in the hospital often have weakened immune systems and your first responsibility is patient safety. The following guidelines will help you with this decision-making process.

- You should notify your clinical instructor and leave a message with the unit where you are scheduled as soon as you make the determination that you are too ill to attend clinical.
- Make sure the first day of clinical that you have contact information for your clinical instructor and the unit at the hospital or agency you are assigned to.
- It will help if you have a thermometer on hand to check your temperature if you are feeling ill.
- **Students should not attend clinical if they:**
 - Have a fever (temperature above 100.50 F)
 - Students should be free of fever for a full 24 hours--without medications that lower temperature like acetaminophen (Tylenol) or ibuprofen (Advil) --before returning to clinical
 - Have an open wound
 - Have vomiting &/or diarrhea
 - Have an undiagnosed rash on exposed skin
 - Are on medications that cause significant drowsiness or make them unsafe to drive
 - Have been on antibiotics for less than 24 hours for a communicable bacterial infection
 - Students in OB cannot attend clinical if they have any cold sores or other herpetic infection that are visible

How do I know if I have the flu?

Students who suspect they have the flu should not attend clinical. If they have the flu (see below) they need to stay home from clinical and class for at least five days after the symptoms start or after the symptoms have subsided and they have no fever for at least 24 hours. From [CDC website](#) .

The typical incubation period for influenza is 1-4 days (average: 2 days). Adults shed influenza virus from the day before symptoms begin through 5-10 days after illness onset. However, the amount of virus shed, and presumably infectivity, decreases rapidly by 3-5 days after onset.

Uncomplicated influenza illness is characterized by the abrupt onset of constitutional and respiratory signs and symptoms: fever, myalgia, headache, malaise, nonproductive cough, sore throat, rhinitis. Among children, otitis media, nausea, and vomiting also are commonly reported with influenza illness.

Uncomplicated influenza illness typically resolves after 3-7 days for the majority of persons, although cough and malaise can persist for >2 weeks. However, influenza virus infections can cause primary influenza viral pneumonia; exacerbate underlying medical conditions (e.g., pulmonary or cardiac disease); lead to secondary bacterial pneumonia, sinusitis, or otitis media; or contribute to co-infections with other viral or bacterial pathogens.

Leave of Absence from the Nursing Program A student may take a leave of absence from the nursing program. A student who returns the subsequent semester after taking a leave will return to the coursework from which they withdrew without remediation. A student returning one year, or two semesters, later will require consultation with faculty to determine a remediation plan for the student to safely return to their place in the program. A student's leave that is longer than two consecutive semesters, but no more than four semesters, will be required to appeal to the Selection and Progression committee who will, in consultation with the faculty, determine if the student will be required to repeat any coursework that was previously taken. A student absent from the program for more than four consecutive semesters will be asked to reapply. Information about Academic Leave can be found at [Student Administrative Services](#) .

Withdrawal from University

To withdraw from North Park University, the student needs to complete a withdrawal form with the Office of Student Administrative Services. This form requires a signature from the Financial Aid Office, Dean of Students,

Student Administrative Services, and Housing Office, if applicable. If one is planning to withdraw at the start of a semester, it is recommended that the student review the refund policy on the Student Accounts webpage. Information on withdrawal for financial aid recipients can be located at [Policies for Withdrawn Students](#) .

Family Educational Rights Privacy Act (FERPA)

Federal Educational Rights and Privacy Act of 1974 North Park University reserves the right, as allowed under the Federal Educational Rights and Privacy Act of 1974, as amended, to disclose educational records or components thereof without written consent to parents of dependent students as defined according to the Internal Revenue Code of 1954, Section 152 (as amended). All undergraduate students, other than those matriculated in the registered nurse continuation and SPS programs, will be assumed to be “dependent” unless a student notifies Student Administrative Services in writing within 10 calendar days after the commencement of any term that he or she considers himself to be “independent.” A certified copy of the parent’s most recent Federal Income Tax Form establishing the student’s dependent status shall be required before any educational records or components thereof will be released North Park University to the parent of a student who has properly notified North Park University of his or her “independent” status. Note: A student cannot declare himself or herself as “independent” for the purposes of non-disclosure of educational records to parents and still claim to be “dependent” for the purposes of receiving financial aid. For more information, please see North Park University’s [webpage](#)

Title IX and Policy Against Discrimination, Harassment, Sexual Misconduct, Relationship Violence and Retaliation

As a Christian institution of higher education, North Park is committed to providing a campus environment characterized by mutual respect among students, faculty, and staff. To effectuate this commitment, it is North Park University’s policy that any form of sexual violence or other offense, harassment, discrimination, relationship violence, retaliation or misconduct will not be tolerated. For more information see North Park University’s [webpage](#) .

This policy applies to all members of the campus community: students, faculty, staff, and visitors. It applies to incidents that occur on campus property as well as any off-campus functions sponsored or supervised by the institution. This policy also applies to off-campus conduct that has continuing impact on the ability of a member of the North Park community to fully engage in, and benefit from, campus life. For more information about campus safety, please see North Park University’s [webpage](#) . North Park’s policy is mandated not only by its adherence to Christian principles, but also by law, including Title IX of the Education Amendments Act of 1972.

Performance Improvement Plan (PIP) Policy

- 1. Purpose:** The purpose of this policy is to identify students with AT RISK behaviors who are in danger of failing a nursing course due to academic, clinical, or professional issues. The goal of this policy is to identify areas of improvement and assist the student in facilitating the development of their professional self. The Performance Improvement Plan (PIP) will outline behaviors that the student must improve upon in the nursing program, clinical area, or in the classroom.
- 2. Policy:** When a student is NOT meeting expectations, they are considered AT RISK, and a PIP may be initiated by any instructor within the School of Nursing and Health Sciences. A PIP will clearly identify the problem area(s) and outline a remedial plan of action for the student to follow. Clinical instructors will collaborate with the course coordinator before initiating a PIP with a student.
- 3. Procedure:** The instructor should complete the PIP form that will include the following:

- a. Objective(s) that have not been met.
 - b. The circumstances and unsatisfactory behavior(s) that led to the PIP.
 - c. Goals and/or expected outcomes of the PIP along with the date of expected improvement on the area that has been identified in need of improvement.
 - d. Strategies and/or interventions to achieve the goals.
 - e. The consequences of meeting or not meeting the goals.
 - f. The date that the student and faculty will meet to evaluate the student's response to the PIP.
 - g. The date and signatures of the student and initiating faculty upon meeting.
 - h. The instructor initiating the PIP should meet with the student in person to initiate the PIP and on the evaluation date to determine the effectiveness of the PIP. A copy of the initial completed PIP form (and any additions to it) should be retained by the initiating faculty, and copies should be provided to the following: the student, the student's file, the course coordinator, the student's advisor, the Selection and Progression Committee Chair, and the Baccalaureate Program Director.
- 4. Weekly Meetings with Instructor:** If the PIP remains in effect for more than one week, the instructor should meet with the student regularly for re-evaluation. Failure of the student to keep the evaluation appointment should be documented. Each meeting should be recorded on the PIP form to document whether goals have been met/not met, if the PIP will be continued as is, if there are any changes to the plan, or if the plan has been completed. These notes should be signed and dated by both the student and the instructor. The Selection and Progression committee chair will ensure that a copy of the PIP is provided to the student, course coordinator, student's advisor, and the Baccalaureate Program Director.
- 5. Responsibility of the Selection and Progression Committee:** The Selection and Progression Committee is responsible for tracking the student's PIP progress and notifying any of the student's other instructors of the PIP progress as necessary to provide a consistent approach in all courses.
- 6. PIP Resolution:** If the student remedies the unsatisfactory behavior and meets course objectives by the end of the course, the PIP may be removed from the student's file upon the student's graduation unless the Dean of the School of Nursing and Health Sciences requires that the form be retained for other purposes related to student performance over the course of study. Failure to meet course or SNHS objectives or resolve unsatisfactory behavior(s) before the end of the course may result in failure of the course.

Code of Conduct

Faculty work to create an atmosphere of value-based education. All students who enroll in these programs are expected to accept the responsibilities of university citizenship and to show consideration and respect for personal freedom and property rights of members of the academic community. Students are expected to abide by ethical, professional, and academic standards that are conducive to a positive learning environment. These expectations include, but are not limited to:

- Giving appropriate attention to college level work
- Employing civility in academic activities
- Exhibiting academic humility and receptivity to learning
- Attending classes, arriving on time and participating as a fully engaged member of the class
- Accepting personal responsibility and accountability for own actions, interactions, and communications with peers, faculty, and staff
- Exhibiting self-reliance and accountability as a North Park Student.

Academic Integrity

All students and faculty are expected to possess a high standard of conduct and personal integrity in academic work. Academic dishonesty is defined as any act of deception in an academic setting. Deception may take many forms including, but not limited to cheating, unauthorized use of any resources or materials in an academic exercise, inventing information, plagiarizing the work of another and representing them as one's own, and others (see the North Park University Undergraduate Student Handbook for the University policy regarding academic integrity).

All work done for a course must be original for that course unless student has received prior permission from the instructor. Anytime a student uses work from a previous paper or assignment, appropriate citation must be provided as for any outside source. Falsifying practicum hours is considered academic dishonesty and is subject to failure of the course and dismissal from the program. University policies related to academic dishonesty can be found in the NPU Undergraduate Student Handbook.

To acquire an education that is complete and authentic, individuals must treat the academic pursuit with respect. All members of the North Park University community are obligated to maintain an atmosphere conducive to academic work so that the educational mission of the University will not be hindered.

Academic life at North Park University is full of challenges and meeting those challenges should be a student's primary objective. The University requires students to adhere to the following policies in order to ensure the honesty and integrity of their academic performance. Violation of these policies can include, but are not limited to, any of the following situations described below. Students found in violation of any part of the policy, written or implied, will be subject to the Student Conduct Process. www.northpark.edu/studenthandbook

Statement Concerning Academic Dishonesty

Academic dishonesty runs counter to the goals and ideals of every educational institution and will not be tolerated at North Park University and may result in dismissal from the University. Appropriate designated authorities within the University will judge cases of alleged academic dishonesty according to the principles, policies, and procedures outlined in the Baccalaureate Nursing Student Handbook and North Park University Undergraduate Student Handbook. The School of Nursing strongly recommends that you review the university's [Statement Concerning Academic Dishonesty and the Categories and Definitions of Academic Dishonesty](#) from the university Student Handbook.

Judicial Procedures for Cases of Academic Dishonesty in the School of Nursing and Health Sciences

The instructor, on becoming aware of a possible instance of academic dishonesty, shall:

1. Notify the student of the charge against him or her.
2. Report the findings to the Baccalaureate Program Director and the appropriate Selection and Progression Committee chair.

A student or staff or faculty member who has knowledge of academic dishonesty should report this knowledge to the instructor of the course and to the appropriate committee chair.

The dean, on receipt of the instructor's report, shall:

1. Convene a meeting with the instructor and student.
2. Evaluate the instructor's evidence and hear the student's response.

3. Determine if an infraction has occurred and if so, the appropriate penalty, taking into consideration the instructor's recommendations.
4. Inform the student of their right to appeal.
5. Inform and provide a written copy of the final report to the Dean of Students and University Dean in the Office of the Provost.
6. Keep appropriate records of each case to its completion.

Repercussions

One or more of the following penalties may be imposed once academic dishonesty has been confirmed (previous infractions will be considered in the imposition of such penalties):

- A record of the infraction placed in the student's permanent record file.
- A failing grade on the examination, paper, or project.
- A failing grade in the course.
- Exclusion from participation in the athletic, musical, and other extra-curricular programs of the University.
- Suspension from the University for an appropriate period.
- Dismissal from the University.

The student may:

1. Accept the decision and the penalty
2. Appeal the decision in writing to the appropriate Selection and Progression Committee. The appeal must come within two weeks of the decision.

Following the second decision of the Selection and Progression Committee the student may:

1. Accept the decision and the penalty.
2. Appeal the decision in writing to the Office of the Dean of the School of Nursing and Health Sciences. The appeal must come within two weeks of notice of the decision.

The Dean of the School of Nursing may:

- Reverse the decision and dismiss the case.
- Confirm the decision and the penalty imposed.
- Confirm the decision and alter the penalty.

The student may:

- Accept the decision of the Dean of the School of Nursing.
- Appeal to the Academic Judicial Committee.

The policy can be found in the [North Park Student Handbook](#).

North Park University School of Nursing and Health Sciences Student Grievances & Appeals Process in the School of Nursing

Academic grievances are student complaints involving academic issues other than allegations of academic dishonesty. The process for addressing student grievances varies depending on the subject matter of the grievance. The processes outlined below apply to any concerns involving academic issues other than allegations of academic dishonesty (addressed in the related section above) or issues related to student progressions (addressed under “progressions” in an earlier section of this handbook). In all instances, it is important that grievances be presented promptly. Any appeal of the concerns outlined below must be initiated in the academic year of the occurrence. However, any appeal of a course grade must occur within 90 days of course ending. Students are responsible for keeping papers and assignments to support a grade appeal. A failure to comply with the timing requirements is grounds for denial of the grievance.

The North Park University Undergraduate Student Handbook outlines the grievance process, which is referenced on the next page. However, there are additional steps that should be taken first when a student has a grievance within the School of Nursing, those steps are outlined below.

AREA OF CONCERN	PROCEDURE
1. Concerns in a specific course, which may include the following: <ul style="list-style-type: none"> A. Course expectations, requirements, content B. Teacher performance C. Student performance 	The student may present an appeal/issue, in writing, in the following order: <ul style="list-style-type: none"> A. Individual course instructor B. Course coordinator C. Baccalaureate Program Director, School of Nursing D. Dean of the School of Nursing and Health Sciences
2. Grade appeal	The student may appeal a grade, in writing, in the following order: <ul style="list-style-type: none"> A. Individual course instructor B. Course coordinator C. Selection and Progression Committee for Undergraduate Programs D. Dean of the School of Nursing E. Office of the Provost
3. Selection and progression issues/concerns	If a student does not meet all requirements for admission and progression within the nursing major, appeals may be made in writing to the Selection and Progression Committee for Undergraduate Programs.
4. General curricular concerns	Contact the appropriate student representative to the Baccalaureate Academic Programs Committee of the School of Nursing. Each class representative will submit agenda items to the Chairperson of the committee.

University Grievance Procedure:

The process outlined below applies to any grievance involving academic issues other than allegations of academic dishonesty. The procedure for addressing allegations of academic dishonesty is set forth in the section on academic integrity.

Step 1: The aggrieved student must first confer with the staff member, faculty member, or student involved in an attempt to resolve the problem. If the student is not comfortable with first addressing the staff or faculty member you may skip to you may also choose to report any non-academic grievance through the Report an Incident Student Form in the self-referral system (EARS).

Step 2: Unresolved grievances shall be filed in writing by the student with the appropriate staff or faculty member's supervisor and/or human resources. In the case of a grievance against a student, the written grievance shall be presented to the Dean of Students. In consultation with the assistant vice president for human resources, Dean of Students and/or the supervisor will conduct an inquiry and attempt to resolve the matter impartially and as quickly as possible. This step is generally concluded within ten (10) business days of the date the grievance was received.

Step 3: If the student is dissatisfied with the prior decision, the student can present the grievance, in writing, to the Vice President, Provost, or Dean, as appropriate. The grievance should be presented promptly and in no event, later 42 North Park University than five business days after the Step 2 decision. The grievance must summarize the decision, action, or other matter being grieved and explain why it is being challenged. Copies of any related documentation shall be attached. The Vice President, Provost, Dean receiving the grievance, or a designee to whom they assign responsibility for resolving the grievance, will conduct any investigation deemed necessary, including joint meetings among the student grievant, the person who is the subject of the grievance, if any, and a university official responsible for any policy or procedure at issue. In the event of a meeting, both the grievant and any person who is the subject of the grievance may request the assistance and presence of another member of the North Park University Community. The appropriate Vice President, Provost, Dean or designee will promptly render a decision.

Step 4: If the student is dissatisfied with the decision at Step 3, the student may appeal to the President of the University. The appeal must be taken no later than five business days after the prior decision and shall be in writing. The appeal must summarize the decision, action, or other matter at issue, explain why it is being challenged, and describe any prior steps of the grievance process, including the determination. Copies of any related documentation shall be attached. The President shall determine the appeal based upon the record presented, and any additional investigation the President deems appropriate. The decision of the President shall be final and binding. This policy can be found in the NPU Undergraduate Student Handbook: (www.northpark.edu/studenthandbook)

Section Va: Progression and Retention

Academic Standing and Grading Policies

A cumulative grade point average of at least 2.0 must be maintained. Continuation in the major requires a minimum grade of "C" (76%) in each nursing course and a PASS in clinical for courses having a clinical component. Students must obtain a total grade of 76% or better on exams and quizzes in order to pass the theory portion of a class. Additional assignments will not be computed in the grade if 76% or better on the exams has not been obtained.

If a grade below 76% is achieved in the theory portion of a course, both theory and clinical must be repeated. If a student does not pass the clinical portion of a course both theory and clinical must be repeated. A grade of F will be given in a course in which a student fails clinical.

Grade Rounding Policy - Grades on course assignments and examinations which are determined by percentages involving decimals will not be rounded up to the next whole number when equal to 0.5 or greater.

A student may repeat only one nursing course one time throughout the major. Dropping a course in which the student is not achieving a passing average shall be considered a “repeat”. This decision may be appealed to the undergraduate Selection and Progression Committee of the School of Nursing and Health Sciences.

The grading scale employed in the School of Nursing

Percentage	Equivalent Letter Grade
100-94%	A
93-91%	A -
90-88%	B+
87-84%	B
83-81%	B -
80-78%	C+
77-76%	C (PASSING)
75-71%	C -
70-68%	D+
67-64%	D
63-61%	D -
<61%	F

Sequencing/Out of Sequence

Students who are out of the nursing program or interrupt the clinical sequence of courses for one quad or more will need to see the Baccalaureate Program Director and their advisor prior to resuming the nursing course sequence. Individual assessment of current knowledge and clinical skills will be made prior to placement of the student in the appropriate level within the nursing program.

Students who drop or withdraw from a nursing course are required to see the Baccalaureate Program Director the semester prior to repeating the course so that placement can be planned. Immediate placement in a specific clinical class is not guaranteed.

Section V b: Electronic Devices, Email, and Social Media

Program Communication

Emails to all students in the nursing programs are sent out to alert students to new information. It is the students’ responsibility to check their North Park email at least once daily for any new information sent out by the School of Nursing and Health Sciences.

Students who undergo name, address, phone number or email address changes are responsible to submit these changes in writing to both Student Services and the SNHS office. Documents are often mailed using the information on record. Updating your information ensures that important communications will not be delayed.

Use of Electronic Devices

The use of electronic devices by students in the School of Nursing and Health Sciences in the academic, simulation, and clinical settings to record video, audio, or photography is prohibited without explicit permission from faculty.

Email Policy

Email is the official means for communication within North Park University. Information Technology will assign all students an official University email address. This address will be the one listed in all directories and the one used by the University for official business and communications. The University's email system can be accessed on- and off-campus through an Internet Service Provider.

The University recommends that students use the [University's email system](#). Individuals having their email electronically redirected to another email address do so at their own risk. The University will not be responsible for the handling of email by outside vendors. Redirecting email does not absolve an individual from the responsibilities associated with communication sent to their official email address.

The University has the right to communicate with students through email, and the right to expect that those communications will be read in a timely fashion. Students, faculty, and staff members are expected to check their official email address on a frequent basis in order to stay current with North Park University communications. Please see [North Park University Student Handbook](#).

Students who undergo name, address, phone number or email address changes are responsible to submit these changes in writing to both Student Services and the School of Nursing and Health Sciences office. Documents are often mailed using the information on record. Updating your information ensures that important communications will not be delayed.

North Park University Social Media Policy and Guidelines

North Park University recognizes that social media is a relevant means of communication for students, faculty, staff, alumni and friends in our community. When used properly, social media posts demonstrate concern for members of the community and encourage growth, learning, and development. While North Park encourages the use of social media, all users should remember that social media tools are a powerful form of communication that can have a significant impact on organizational, professional and individual reputations. In addition, the healthcare setting and HIPAA laws can put a student, albeit unintentionally, at risk for violating the University's Social Media Policy and maybe a HIPAA violation that could result in serious consequences within the Nursing and Health Sciences and with our partnered clinical agencies. For this reason, we have included the entire North Park Social Media Policy for all members of the community to ensure compliance from our students.

Stop! Collaborate, and Listen!

While we definitely want to help spread the word about events, accomplishments, and interesting things happening in and around the brand of North Park University, there is a process.

Is It Newsworthy?

Make sure what you're asking to be covered or posted is newsworthy. Our official NPU social media accounts carry the entire brand voice, which includes the look and feel.

Photos, Videos, Paid-Ads:

Photos: If you want us to post something, it cannot have any text overlays, cropping, or graininess. That also means graphics are not permitted to be posted on any of the official NPU social media accounts. ALL photos must be professional quality and follow our brand guideline look and feel. For examples, review our official Instagram account. If you would like photos taken at your event or for a story idea, have your department budget ready and all accompanying information needed. Submit a request in Jira at least 3 weeks in advance. Event postings are rarely approved or posted. If you would like something posted about an upcoming event, 3 weeks need to be provided and any photos or video or copy must meet the above requirements. Expect copy to be edited by the social media manager. Submit requests via JIRA.

Videos: Creative video content is usually a plus. If you are wanting a video of any kind, please make sure it's newsworthy before submitting a request in Jira. Have a simple but detailed idea of what you are wanting to be captured and why it would benefit the overall university brand. Be sure to prepare a budget for the video project, as video production is extremely costly. If it is for an event, you must let us know a month and a half in advance. Allow 2-6 months for completion depending on the scale of the video project.

Paid Social Media Ads: As you know, the number of social media users is in the billions. If you're wanting to have a paid-ad run through our main social media accounts, follow the process below.

1. Identify the event or program you are wanting to promote.
2. Have a budget of \$200 or more.
3. Submit a Jira ticket at least one month in advance and allow for one month of full completion for the ad to run. Include the name, all copy and links needed, and the date and time if applicable. Only one ad per month can be submitted.

Follow Us on Social Media:

- Facebook: <https://www.facebook.com/npuchicago>
- Instagram: @npuchicago
- LinkedIn: <http://www.linkedin.com/edu/school?id=18285>
- Twitter: @NPU
- YouTube: <https://www.youtube.com/user/northparku>
- Vimeo: <https://vimeo.com/npu>

Students have the opportunity to develop friendships, discover talents, and explore the world through many of these popular online channels. For faculty and staff, online channels allow thoughtful, purposeful engagement. For these reasons, North Park is committed to utilizing social media alongside traditional classwork as we all learn and grow together.

While North Park University encourages the use of social media, all users should remember that social media tools are a powerful form of communication that can have a significant impact on organizational, professional, and individual reputations. Lines between personal and professional content, and between public and private content, are often blurred. Whether participating on behalf of the University, a University-related group, or personally, all users must follow the same behavioral standards online as they would in face-to-face or one-on-one interactions. Remember that the internet is not anonymous, nor does it forget.

Guidelines for Use

A. Take Responsibility and Be Transparent

1. You are responsible for anything you write or do online.

- The speed of being able to publish your thoughts is both a great feature and a common downfall of social media. The time to edit or reflect must be self-imposed.
- If in doubt over a post, or if something does not feel right, allow time for reflection before posting or ask a friend or colleague to review and provide feedback before posting.
- Remember that satire and sarcasm are often misunderstood. Be careful how you use them.
- Never underestimate the power of photographs and videos. They can help communicate your message in a creative, compelling way, but may also be easily misinterpreted, so use sound judgment in making selections.
- Quality matters. Use a spell-checker.

2. Practice academic integrity.

- Never post content that invites academic dishonesty. Remember both the enabler and the student taking advantage of the material are equally guilty.
- Do not plagiarize—give proper attribution.

3. Practice personal integrity.

- Do not make or endorse recklessly or maliciously false statements.
- Never misrepresent your identity.
- If writing in your personal capacity about University matters, make clear that the views you express are your own, not necessarily those of the University.
- Do not pretend to have expertise, information, or authority you do not have.

B. Respect Your Audience and Your Colleagues

1. Abide by the ethical, moral, and professional standards of North Park University as outlined in the North Park University Undergraduate Student Handbook. In particular, this includes the Policy Against Discrimination, Harassment, Sexual Misconduct, Relationship Violence, and Retaliation.

2. Do not express, communicate, or link to libelous, defamatory, harassing, or pornographic content, even by way of example or illustration.

3. Never make statements or post photos or video that directly or indirectly threaten harm (whether through violence, economic intimidation, exclusion, or other means) to an individual, group, or the University.

4. Do not promote illegal conduct such as sexual violence, vandalism, underage drinking, or involvement with controlled substances.

5. Think about the consequences of what you are posting.

- Assume your writings will spread.
- When responding to a negative post, first confirm facts, consider whether the poster deserves an apology for any reason, and consider responding offline, it may be a more effective way to resolve disagreements.

6. Except for legitimate academic or business purposes, faculty should avoid personal social media relationships with students, and administration should avoid personal social media relationships with staff under their supervision.

C. Respect the Property of Others

1. Respect intellectual property rights.

- Do not distribute copyrighted materials without the permission of the copyright owner.
- Do not use trademarks or logos without the owner's permission.
- Adhere to the user agreements (terms and policies) for each social media site with which they engage.

2. When using North Park University-owned computers or the campus network to access social media sites, comply with the Acceptable Use Policy.

D. Respect Confidentiality

1. Respect personal boundaries and individual privacy rights. Public disclosure of private facts may cause serious emotional or psychological injury.

2. Do not post sensitive personal identifying information (such as social security numbers, student identification numbers, addresses, or birth dates). Such information may enable identity theft.

3. Do not post any information about another person that is protected from disclosure by law or professional standards (such as medical information or student education records). Check with your program or department to determine whether it has a specific social media usage protocol to ensure compliance with professional and privacy requirements of particular fields or governing/accreditation body.

E. Respect the University's Interests

1. Do not post anything that interferes with your work, the University's educational mission, or the welcoming and diverse environment the University promotes as a Christian, city-centered, and intercultural institution.

2. Do not use the University's "brand" to endorse or promote a non-University product, opinion, cause, or political candidate. Avoid any statement that would make the reader think that the opinions you endorse or promote reflect the views of the University.

3. If you find negative posts by a third party about the University, its faculty, staff, or students that you believe needs a response by the University, contact the Office of Marketing and Communications.

F. Be Wary

1. People who communicate with you online may not be who they claim to be. They may have an improper motive or seek information to which they are not entitled.

2. Posted information is often repeated and linked to other sources—anything you post may go viral, including your off-hand comments.

Unacceptable Posts Will Be Removed.

Actions that are unacceptable in other settings are also unacceptable on University social media channels. Posts or interactions that violate our community standards and policies will be removed at the discretion of the University. These include, but are not limited to, the following:

- Harassment in any form.
- Failure to respect the rights of others, such as the right to privacy.
- Forgery or other misrepresentation of one's identity.
- Distribution of copyrighted materials without the permission of the copyright owner.
- Posts containing personal attacks, profanity, nudity, hate speech, illegal material or that otherwise violate the Social Media Guidelines.
- Advertising/soliciting for non-University-sponsored products, programs, and events.
- Spam

North Park sponsored online forums should be used for discussion of general interests and issues relating to North Park, not specific individuals and situations.

The University cannot immediately review every comment posted on a North Park sponsored page. Opinions expressed are not necessarily those of the University and the University does not guarantee the accuracy of these posts.

Requests that content be removed from University social media channels, as well as comments about content, should be addressed to North Park University's Office of Marketing and Communications.

Complaints and Reporting Violations

If you feel that you have been harassed or victimized by another individual's social media use, please report it following the complaint procedures outlined in the University's Policy Against Discrimination, Harassment, Sexual Misconduct, Relationship Violence, and Retaliation. If the individual you have a complaint against is another member of the North Park community, the University will take all steps possible to help you come to an appropriate resolution to the complaint.

Most social media channels offer a method for reporting offensive or harassing posts. For North Park sponsored sites, contact the Office of Marketing and Communications.

Students may also find it helpful to seek the support and advice of their resident director, the University's social media manager, another trusted North Park University staff member, or the Dean of Students. Faculty and staff may contact Human Resources.

If you become aware of other violations of this policy, please report the violation to the Office of Marketing and Communications.

Posting on Behalf of the University

Only administration-designated employees are permitted to post on behalf of the University. If you receive an external request for comment “by the University” or an inquiry requiring a response on behalf of the University, you should direct the request or inquiry to the Office of Marketing and Communications. Note: this rule does not prevent other members of the North Park community from commenting or responding to questions so long as they do so in their individual capacities.

Non-Interference with Applicable Laws

This policy is not intended to restrict or interfere with the legal rights of any student or employee, including, but not limited to, any and all rights under the National Labor Relations Act, Title VI, Title VII, Title IX or other equal opportunity laws, or any whistleblower protection law. Questions About This Policy - Please contact the Director of Human Resources if you have any questions about this policy.

Section VI: Appendix

In this section:

- Admissions Requirements
- The BSN Program Four Year Academic Schedule
- Content Mastery Proctored and Practices Assessment
- RN Content Mastery Series
- Technology Requirements Check List
- Performance Improvement Plan (Example)
- Clinical Incident Form (Example)

Prelicensure Nursing Program's Admissions Requirements

Prelicensure Nursing Program: The procedure for admission to the University is described in the North Park University Catalog. The School of Nursing reviews and admits only those students who have been admitted by the University. In addition to meeting all University requirements, students applying to the School of Nursing must meet the following additional requirements:

- Completion of all prerequisite courses for the nursing major with a grade of C or better; a grade of C- is not acceptable.
- A cumulative GPA of 2.75/4 or higher, on a 4-point scale.
- Passage of the Assessment Technologies Institute (ATI) Test of Essential Academic Skills (TEAS) with an academic preparedness level of Proficient.
- A student may repeat a total of two prerequisites courses, only one of which may be a science course. The Prerequisite science courses are the following: CHEM 1021, CHEM 1031, BIOL 1250, BIOL 1260, BIOL 2910, BIOL 2930, and NURS 3240.
- Letter of Recommendation which directly speaks to the student's suitability to the profession.
- Completion the formal application to the major.

Application decisions are made the semester prior to the student's intended start date of the program. Applicants are evaluated on the above criteria and selected for admission by the Undergraduate Selection and Progression Committee of the School of Nursing. All acceptances are considered pending while students complete any remaining prerequisite courses or any other requirements of the School of Nursing, such as the background check and drug test.

Prerequisite Courses: To graduate the student must fulfill the University Core Curriculum requirements as specified in the North Park University Academic Catalog. In addition, the following courses or their equivalents must be successfully completed with a grade of C or better prior to admission into the nursing major:

- BIOL 1250 Intro to Human Anatomy
- BIOL 1260 Introduction to Cell Biology
- BIOL 2910 Microbiology
- BIOL 2930 Advanced Human Physiology
- CHEM 1021 Survey of Organic Chemistry
- CHEM 1031 Survey of Biochemistry
- CORE 1000 Cornerstone Seminar
- NURS 2100 Survey of Nursing
- NURS 2540 Applied Nutrition or EXS 3180 Nutrition
- NURS 3240 Pathophysiology**
- PSYC 1000 Introduction to Psychology
- PSYC 2700 Human Lifespan Development
- SOC 1910 Introduction to Sociology
- HSC 1490 Healthcare Statistics

The BSN Program Four Year Academic Schedule

Course selections should be made with the advice and consent of your School of Nursing academic advisor.

1 st Year Fall	1 st Year Spring	1 st Year Summer	Notes
BIOL 1250 Intro Human Anatomy 4*+ CORE 1000 Cornerstone Seminar 4*+ SOC 1910 Intro to Sociology 4*+ Language 1010 4+	BIOL 1260 Intro to Cell Biology 4*+ CHEM 1021 Survey Organic Chemistry 2*+ and CHEM 1031 Survey Biochemistry 2* PSYC 1000 Intro to Psychology 4*+ Language 1020 4+	With consent from an academic advisor enrolling in courses over the summer lightens academic workload during the Fall and Spring semesters.	+ Core Curriculum Requirement * Prerequisite Course
Fall Credit Hours Earned: 16	Spring Credit Hours Earned: 16		First Year Total Credit Hours: 32 Semester Hours
2 nd Year Fall	2 nd Year Spring	2 nd Year Summer	Notes
BIOL 2930 Advanced Human Physiology 4* HSC 1490 Stats for Health Professionals 4*+ BTS 1850 Intro to the Bible 4+ Art and Aesthetics course 2+ Nutrition (NURS 2540 Applied Nutrition or EXS 3180 Nutrition) 2*	BIOL 2910 Microbiology 4* NURS 3240 Pathophysiology 3* HIST 1000 Global Histories 4+ PSYC 2700 Human Life Span Dev 4* NURS 2100 Survey of Professional Nursing 2*	Students may take any remaining Core Curriculum Courses during the Summer.	
Fall Credit Hours Earned: 16	Spring Credit Hours Earned: 17		Second Year Total Credit Hours: 32
3 rd Year Fall	3 rd Year Spring	3 rd Year Summer	Notes
NURS 3020 Intro Prof Nursing Practice 4 NURS 3030 Health Assessment 2 NURS 3201 Nursing of Adults I 4 NURS 3220 Pharmacology 2 NURS 2150 Math for the Generalist Nurse 1	NURS 3500 Nursing of Childbearing Family 4 NURS 3520 Nursing of Children 4 NURS 3540 Ethics in Health Care 2 NURS 4240 Research in Prof Nursing 2 Christian Life & Thought course+ 4	Could take any remaining Core Curriculum Courses.	First Year of Nursing Program
Fall Nursing Credit Hours Required: 13	Spring Nursing Credit Hours Required: 12		Third Year Total Credit Hours: 31
4 th Year Fall	4 th Year Spring	4 th Year Summer	Notes
NURS 4201 Adult Health II 4 NURS 4202 Gerontological Concepts 2 NURS 4203 Internship in Gerontological Concepts 1 NURS 4200 Psych/Mental Health Nursing 4 NURS 4540 Health Policy and Politics 2 Optional– NURS 3920 Cardiac Dysrhythmias 2 Health & Well-Being course 2+	NURS 4500 Community Health Nursing 5 NURS 4520 Management/Synthesis 5 NURS 4550 Leadership & Management 2 NURS 4901 Nursing Comprehensive Exam o, P/F		Second year of nursing program Students must have 120 hours to graduate. Last 30 hours must be taken at NPU. Credit cannot be transferred after completion of 90 credits
Fall Nursing Credit Hours Required: 13	Spring Nursing Credit Hours Required: 12		Fourth Year Total Credit Hours: 25-27

ATI Content Mastery Proctored and Practice Assessments

Practice Assessments: ATI provides practice assessments to help students identify content that they know as well as to help recognize areas that need further review. Areas assessed as requiring further remediation are identified as Topics to Review.

What is Remediation? Remediation is a process of reviewing content in an area that was not learned or not fully understood (as determined on an ATI assessment). Remediation tools within ATI are intended to help the student review important information to be successful in courses and on the NCLEX®. The student's individual assessment report will contain a listing of the *Topics to Review*. It is required that students remediate assessments using the *Focused Review* tool available within ATI after completion of any practice/proctored tests.

The *Focused Review* contains links to ATI eBooks, media clips, and active learning templates. Faculty has online access to detailed information about the timing and duration of time spent in assessments, *Focused Reviews*, and tutorials by each student. Students are not limited to the use of the tools provided in the *Focused Review*. The student is encouraged to utilize It is highly recommended that students also utilize the use of textbooks, review books, videos, animations, graphics, tutorials to name a few additional resources. Students will be required to provide documentation that required ATI work was completed using the *My Transcript* feature under *My Results* of the ATI Student Home Page in addition to submission of the written Remediation Templates as described below. These documents will be uploaded on the course Canvas platform.

What makes up Remediation? Remediation of missed content with focused review using textbooks, review books with videos, animations, graphics, tutorials, and completing all Active Learning Templates suggested in Focused Review (specific to content missed). Completed Active Learning Templates will be uploaded on the course Canvas platform.

The submission of Focused Review of the Practice Assessments A and B is required to take the ATI Proctored Assessment. If the Focused Review is not submitted a student will earn a 0 on the Proctored ATI Assessment.

Instructions to Complete Practice Assessments A and Practice Assessment B

These instructions must be followed when taking each Practice Assessment. Complete a minimum of one-hour *Focused Review* that will include the completion of 3 handwritten** Active Learning Templates.

The review materials are developed based on the results of the student's assessment. The test score will be taken into account when considering the amount of time spent in remediation as a lower score will require more time as focused materials will be generated based on a student's performance on the test.

Research has shown that handwritten notes help one retain the information better – here is a link to a helpful article <https://www.scientificamerican.com/article/a-learning-secret-don-t-take-notes-with-a-laptop/>

Please submit a transcript (documentation) of the time spent in remediation in addition to the Active Learning Templates.

ATI Proctored Assessments

The ATI Proctored Assessments will constitute 10% of the final exam score.

STANDARDIZED PROCTORED ASSESSMENT				
Proficiency Level	Proficiency Level III	Proficiency Level II	Proficiency Level I	Proficiency Below Level I
Required Remediation**	Complete a minimum of one-hour* Focused Review that will include the completion of 3 handwritten** Active Learning Templates. Please submit a transcript (documentation) of the time spent in remediation in addition to the Active Learning Templates	Complete a minimum of two-hours* Focused Review that will include the completion of 5 handwritten** Active Learning Templates. Please submit a transcript (documentation) of the time spent in remediation in addition to the Active Learning Templates	Complete a minimum of three-hours* Focused Review that will include the completion of 8 handwritten** Active Learning Templates. Please submit a transcript (documentation) of the time spent in remediation in addition to the Active Learning Templates	Complete a minimum of four-hours* Focused Review that will include the completion of 10 handwritten** Active Learning Templates. Please submit a transcript (documentation) of the time spent in remediation in addition to the Active Learning Templates
% of Score Applied to the Final Exam*	Score applied to final exam grade – 100%	Score applied to final exam grade – 86%	Score applied to final exam grade – 76%	Score applied to final exam grade – 58%

*Completion of remediation is required to receive the allotted percentage to the final exam. Failure to submit remediation will result in a score of 0% added to the final exam score.

**The SNHS ATI policy requires each student to complete a focused review of their proctored assessment. Remediation will be submitted within 48 hours of taking the proctored ATI.

ATI defines the **proficiency** levels as a means to identify the probability of students performing well on the licensing examination (NCLEX).

RN CONTENT MASTERY SERIES 2019 PROFICIENCY LEVEL DEFINITIONS*

LEVEL 1: Scores meeting the Proficiency Level 1 standard can be considered to meet the absolute minimum expectations for performance in this content area. Scores at this level were judged by the content expert panel to indicate a student as likely to just meet NCLEX-RN® standards in this content area. ATI advises these students to develop and complete a rigorous plan of focused review in order to achieve a firmer grasp of this content.

LEVEL 2: Scores meeting the Proficiency Level 2 standard can be considered to exceed minimum expectations for performance in this content area. Scores at this level were judged by the content expert panel to indicate a student as fairly certain to meet NCLEX-RN standards in this content area. ATI advises these students to engage in continuous focused review in order to improve their knowledge of this content.

LEVEL 3: Scores meeting the Proficiency Level 3 standard can be considered to exceed most expectations for performance in this content area. Scores at this level were judged by the content expert panel to indicate a student as likely to exceed NCLEX-RN standards in this content area. ATI advises these students to engage in continuous focused review to maintain and improve their knowledge of this content.

**Note that these definitions were based on expertise of the nurse educators who participated in the cut score study. No empirical study was conducted relating NCLEX-RN performance to performance on the Content Mastery Series, nor was any study conducted demonstrating a statistical relationship between Content Mastery Series performance and actual job performance. These Proficiency Level definitions were used by cut score study participants for the purpose of making their empirical ratings of item difficulty.*

Technical Requirements Check List

Computer Hardware Requirements

Students must have an up-to-date computer to complete this course. The computer can be a PC or Mac product that meet the following specifications:

- ✓ Processor: Intel Core 2 Duo
- ✓ RAM: 4GB
- ✓ Hard Drive: 4GB or higher
- ✓ Operating System:
- ✓ PC Windows 7, 8, or 10
- ✓ Mac 10.7 or better^[1]_[SEP]
- ✓ Network hardware of 10/100Mbps Ethernet
- ✓ Wireless of 802.10:59g

Computer Software Requirements

- ✓ **Microsoft Office**
- ✓ All assignments must be submitted as a Microsoft Office Document. Please contact [Information Technology](#) for further information.
- ✓ **Internet Browsers**
- ✓ Make sure that you use Google Chrome or Mozilla Firefox as your browser. DO NOT use Internet Explorer. The links to obtain the Chrome and Mozilla browsers are below.
- ✓ **Google Chrome for PC and Mac users:**
- ✓ <https://support.google.com/chrome/answer/95346?hl=en>
- ✓ **Mozilla Firefox for PC and Mac users:**
- ✓ https://www.mozilla.org/en-US/firefox/new/?utm_source=getfirefox-com&utm_medium=referral#download-fx
- ✓ **Internet Requirements**

Students must have high-speed internet access to complete this course. A minimum download speed of 1.5 Mbps is required, which is commonly the speed associated with a basic DSL or a cellular/satellite connection. A faster connection, such as cable or fiber service, will further enhance your online experience.

Respondus Monitor System—The following are the requirements needed to run the *Respondus Monitor System*. Please ensure that your computer has the following requirements.

- ✓ Windows: 10, 8, 7
- ✓ Mac: OS X 10.10 or higher
- ✓ iOS: 11.0+ (iPad only). Must have a compatible LMS integration. Details.
- ✓ Web camera (internal or external) & microphone
- ✓ A broadband internet connection
- ✓ Windows 10S is not a compatible operating system, nor can LockDown Browser be obtained via the Windows App Store. At present, support for Windows 10 S Mode isn't on the roadmap for LockDown Browser.
- ✓ LockDown Browser and Respondus Monitor may continue to run in older operating systems that have reached "end-of-life" but students may encounter unexpected results.
- ✓ Memory: Windows: 2 GB RAM or Mac: 512 MB RAM
- ✓ Hard Disk Space: Windows: 75 MB of free hard disk space or Mac: 3 MB of free hard disk space
- ✓ Microsoft Office Suite (Word, Excel, and PowerPoint)

PERFORMANCE IMPROVEMENT PLAN (PIP) - Page 1

The purpose of this plan is to identify students with AT RISK behaviors who are in danger of failing. This PIP will outline behaviors to improve in a course or in the nursing program, whether in the clinical area or in the classroom. Clinical instructors will collaborate with the course coordinator before initiating a PIP with an AT RISK student.

Student Name: _____ Course: _____

Instructor Initiating PIP: _____ Date: _____

Initiation: Complete the following section upon initiation of the PIP.

Date of Initiation:

Identify objectives not being met:

Describe the unsatisfactory behavior and/or circumstances, and the date(s) of observance:

Expected Outcome/ Goals (include due date):

The plan: strategies/ interventions to meet the objectives

(be specific):

Note: Failure to meet the expected outcomes/goals may mean failure of the course.

Date/time that student and instructor will meet next to evaluate improvement (evaluation to be documented on eval tool and attached to this form):

Instructor Signature _____ Date _____

Student Signature _____ Date _____

Course Coordinator Signature _____ Date _____

Copy sent to the student's Advisor on (Date) _____

Copy sent to chairperson of Selection and Progression Committee on (Date) _____

PERFORMANCE IMPROVEMENT PLAN (PIP) –Page 2

PIP Evaluation: Complete the following section at each meeting with the student. Attach to Page 1 of the PIP.

Student Name: _____ Course: _____

Instructor: _____ Date: _____

Evaluation – Not met and plan continues (explain):		
Evaluation – Continue with plan to demonstrate consistency of behavior (explain):		
Evaluation – Objective met (explain):		
Date / Time for next review:		
Instructor Signature:		Date:
Student Response and Signature:		Date:

PIP Resolved (Send copy to Chairperson of Selection & Progression Committee):

Instructor Signature _____ Date _____

Student Signature _____ Date _____

North Park University School of Nursing Clinical Incident Form

Student:

Hospital/Unit:

Date/Time:

Clinical Faculty/ Course Coordinator:

Course:

Was an incident report (risk management documentation) completed for this event at this hospital/agency?

Yes_____ No _____

Was the unit Nurse Manager Notified? Yes_____ No_____

Nurse Manager name/phone: _____

Describe the incident (include the individuals present during the incident):

Describe immediate actions taken related to patient, student, or staff involved:

Document any follow-up action indicated at this time:

Notify STAT and send copies of this completed form to the Clinical Course Coordinator

Clinical Course Coordinator _____ notified (date/time) _____

Clinical Instructor Signature: _____

Grade Appeal Form for North Park University School of Nursing and Health Science (Page 1)

Prior to initiating this formal grade appeal, it is understood that the student will have consulted with the instructor assigning the grade, presenting the student's rationale and evidence for a grade change. If this does not lead to resolution, the student may initiate a formal grade appeal by submitting the form below.

In the case of a grade appeal, the Selection and Progression committee will consider an appeal if one of the following can be demonstrated:

- made an error in the calculation of the grade or has made an error in reporting the grade to Student Services.
- Student Engagement approved and documented accommodations were not met.
- made an arbitrary or prejudiced evaluation of the student.
- created and enforced course policy that is arbitrary or discriminatory.
- failed to notify (or to make a reasonable attempt to notify) the student of course requirements, policies, and/or penalties.
- failed to notify (or make a reasonable attempt to notify) the student in a timely manner of failure to achieve educational objectives.
- infringed upon the contractual rights of the student as explained in the course syllabus, the Catalog, or other University policy documents.
- violated the civil or human rights of the student as defined by law.

Timing, according to the grade appeal policy: The appeal is to be submitted no later than five (5) calendar days after official grades are posted. However, it is in the student's best interest to appeal as soon as possible after learning of the grade that will be appealed, since academic progress may be dependent on the outcome of the appeal.

Name of Student:

Student ID#

Student E-mail:

Phone numbers for ready accessibility:

Cell Phone #

Permanent Home Phone #

Name of Adviser:

I am appealing a final course grade of (enter grade) that I received in NURS (enter course number and name)

Course faculty: (enter faculty name).

Reason(s) for my grade appeal indicated by checking the appropriate reason(s) below:

- A significant violation of clearly established written policies (specify exact source, e.g., syllabus, student handbook, etc.).
- The result of improper procedures (specify exactly).

Discriminatory practice (specify exactly).

Explain in detail the reason(s) for the appeal you checked above and the process that you have already taken:

Student's signature: _____ **Date** _____

Grade Appeal Form for North Park University School of Nursing and Health Science (Page 2)

The student may submit additional materials as indicated below:

- I choose to submit additional evidence of my performance, noted here or attached.
- I request that the following pertinent materials be obtained by the review committee from the course faculty

This section is completed by the Chair of the Selection and Progression Committee

Chair of Selection and Progression Committee receipt of the above appeal /evidence on (date): _____

Chair of Selection and Progression consultation with the instructor on (date) _____

- in person
- phone
- electronically
- hard
- copies

Selection and Progression committee will provide exact details of information and any other evidence acquired:

Within 5 business days from the meeting of the Selection and Progression Committee meeting the student & faculty will be informed of the Selection and Progression's decision and review of additional evidence sought (as checked & then explained below):

Selection and Progression Committee recommendation based on evaluation of appeal [check decision below]:

- Assigned grade remains
- Course instructor is asked to reconsider grade based on the information gathered. This reconsidered grade will be final
- Grade change to (enter new grade) is warranted

Chair of Selection and Progression Committee Signature & Date _____

Baccalaureate Program Director Signature & Date _____

A copy of this document will be kept in the student's electronic file.
